

Calendar

Edited by Paul Webster
pwebster@usc.edu

List your meeting here:

Following is a list of microscopy related meetings and courses. The editors would greatly appreciate input to this list via the electronic submission form under "events/other microscopy events" at the MSA webpage: www.microscopy.org. We will gladly add hypertext links to the notice on the web and insert a listing of the meeting in the next issue. Please furnish the following information (any additional information provided will be edited as required and printed on a space available basis):

- Meeting/Course name
- Meeting/Course dates
- Meeting/Course topic or short description
- Sponsoring society/organization/university
- Contact person
- Telephone number
- Fax number
- Email address
- URL for website

2-6 FEBRUARY 2014 ADELAIDE SOUTH AUSTRALIA

ACMM23 23rd Australian Conference on Microscopy and Microanalysis
ICONN2014 2014 International Conference on Nanoscience and Nanotechnology

Adelaide, February 2-6, 2014

The International Conference on Nanoscience and Nanotechnology (ICONN 2014) and The 23rd Australian Conference on Microscopy and Microanalysis (ACMM23) will be jointly held at the Adelaide Convention Centre in South Australia, February 2-6 2014.

Including dynamic invited speakers, an extensive scientific program, a large number of specialised workshops, exciting joint social events and a major exhibition component, this conference is not to be missed. The organising committee looks forward to welcoming delegates to Adelaide to experience the conference and all that this vibrant city has to offer.

Tanya Monro, ICONN2014 Chair
Angus Netting, ACMM23 Chair

Key Dates:

- Abstracts Open: 1st August 2013
- Early-bird registration deadline: 15th November 2013

Over 20 specialised workshops are planned to be held preconference with world experts presenting some of the latest techniques and applications. These include ICP, LM, Image Analysis, EBSD, in vivo imaging and much more... There are also some great social functions planned to network with fellow delegates. Check the website for more information or register your details to receive the latest updates.

For more information:

acmm23iconn2014.com.au

Conference Themes – ACMM 23

Life Sciences

- *Correlative light and electron microscopy*
- *Advances in In-vivo imaging*
- *Microscopy in cellular biology*
- *Developments in biological sample preparation techniques*
- *Cryo Electron Microscopy*
- *Imaging of Viruses and Diseases*

Instrumentation & Development

- *New developments in electron and ion microscopy (including high resolution, in-situ, FIB, and SIMS, Aberration Corrected TEM)*
- *3D Slice and view FIB imaging*
- *Advances in Analytical Spectroscopy*
- *Cryo TEM and Tomography*
- *EELS, CL, EDS*
- *Advances in Dynamic TEM*
- *Specimen preparation technique development*
- *Advances in EBSD*
- *Advances in Confocal and Fluorescence Techniques*

Physical/Materials Sciences

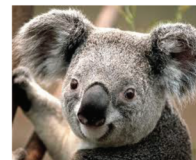

- *Applications of microscopy in functional materials*
- *Applications of microscopy in engineered materials*
- *Characterization of semiconductor materials*
- *Surface and Material Science*
- *Microscopy studies in Corrosion*

Earth and Environmental Sciences

- *3D Microscopy of nanoporous materials*
- *Automated Mineral analysis*
- *Quantitative EPMA*
- *Applications of Electron Microscopy in the Earth Sciences*
- *Advances in Laser Ablation ICP-MS*
- *Microscopy of Plants*
- *EBSD of Minerals*

Conference Themes – ICONN 2014

Nanomaterials
Nanobiotechnology
Nanoelectronics
Nanophotonics
Computational Nanotechnology
Nanotechnology for Energy and the Environment
Commercialisation of Nanotechnology

Conference Organiser: All Occasions Management
