

BULLETIN

ISSN 0004-9727

of the

AUSTRALIAN MATHEMATICAL SOCIETY

Volume 26 Number 1

August 1982

Conjugacy classes of involutions in Coxeter groups	
by R. W. Richardson	1
Boundary behaviour of solutions of the non-parametric least area problem	
by Leon Simon	17
Weight functions which admit Tchebycheff quadrature	
by Franz Peherstorfer	29
Abstract Bochner-Weil-Raikov theorem in topological algebras	
by Maria Fragoulopoulou	39
On the essentially-algebraic theory generated by a sketch	
by G. M. Kelly	45

AUSTRALIAN MATHEMATICAL SOCIETY APPLIED MATHEMATICS CONFERENCE

Adaptive elasticity	
by Stephen C. Cowin	57
On the numerical solution of convective equations	
by J. D. Fenton	81
Stable algorithms for solving symmetric and skew-symmetric systems	
by James R. Bunch	107
Boundary value problems in plasticity theory	
by Ian F. Collins	121
Stochastic modelling in CSIRO: two examples	
by I. W. Saunders	143

ABSTRACT OF AUSTRALASIAN PhD THESIS

On the optimal control of a class of hyperbolic systems	
by Zhan Sheng Wu	157

The University of Queensland Press, St Lucia, Queensland, 4067, Australia

Printed in Australia by Watson Ferguson & Co.

Registered by Australia Post—Publication No. QBQ2945

BULLETIN OF THE AUSTRALIAN MATHEMATICAL SOCIETY

Editor: Sidney A. Morris

Deputy Editor: K. R. Pearson
Honorary Editor: B. H. Neumann

Associate Editors

Robert S. Anderssen
Alan L. Andrew
B. D. Craven
Brian A. Davey
P. Donovan
B. J. Gardner
J. R. J. Groves
James M. Hill

D. A. Holton
D. C. Hunt
P. E. Kloeden
J. S. Maritz
Rodney Nilsen
Sheila Oates-Williams
A. J. van der Poorten
J. H. Rubinstein

Leon Simon
G. Szekeres
D. G. Tacon
Colin J. Thompson
H. B. Thompson
Rudolf Vyborny
R. F. C. Walters

Assistant Editors

Robert S. Anderssen

M. S. Brooks

INFORMATION FOR AUTHORS

The BULLETIN of the Australian Mathematical Society aims at quick publication of original research in all branches of mathematics. Timely expository articles are also welcomed.

To ensure speedy publication, editorial decisions on acceptance or otherwise are taken quickly, normally within a month of receipt of the paper. Papers are accepted only after being evaluated by the Editor and an Associate Editor or another expert. Of course responsibility for the correctness of results published in the BULLETIN remains with the authors.

For a paper to be acceptable for publication, not only should it contain new and interesting results but also

- (i) the exposition should be clear and attractive, and
- (ii) the manuscript should be in publishable form, without revision.

Nevertheless some meritorious papers will have to be rejected because speed of publication involves space limitations.

Authors should submit THREE clean, high quality copies to
The Editor, Bulletin of the Australian Mathematical Society,
Department of Pure Mathematics, La Trobe University,
Bundoora, Victoria 3083, Australia

but should not send the original typescript of their papers, as material submitted to the BULLETIN will usually not be returned. Authors should note that each paper submitted must include an abstract and one or more classification numbers following the 1980 Mathematics Subject Classification.

As even minor revisions are generally not permitted, authors should read carefully all the details listed on the inside back cover.

Abstracts of PhD Theses

The BULLETIN endeavours to publish abstracts of all accepted Australasian PhD theses in mathematics. One restriction, however, is that the abstract must be received by the Editor within 3 months of the degree being approved.
