Politics, Religion and the British Revolutions

The Mind of Samuel Rutherford

John Coffey

This book is the first modern intellectual biography of the Scottish theologian and political theorist Samuel Rutherford (c. 1600-1661). It provides a thorough discussion of Rutherford's religious and political ideas, and their role in the ideology of the Scottish Covenanters whose rebellion against Charles I marked the beginning of the British troubles in the mid-seventeenth century.

Print Politics

**The Press and Radical Opposition in
Early Nineteenth-Century England**

Kevin Gilmartin

This book is the first literary study of the culture of the popular radical movement for parliamentary reform in the early decades of the nineteenth century. It explores the styles and strategies of radical opposition in the periodical press and in the public culture of the time.

Britain and the Spanish Civil War

Tom Buchanan

No foreign conflict has had a greater impact on modern British politics than the Spanish Civil War (1936-9). Buchanan draws heavily on new archival sources to reinterpret familiar aspects of this war, such as the role of the British government, the intellectuals, and the International Brigades, as well as to shed light on previously neglected subjects such as right-wing and religious opinion.

Press Censorship in Elizabethan England

Cyndia Susan Clegg

This is a revisionist history of press censorship in the rapidly expanding print culture of the sixteenth century. Clegg establishes the nature and source of the controls, and evaluates their means and effectiveness. By considering the literary and bibliographical evidence of books that were censored, and placing them in the literary, religious, economic and political culture of the time, Clegg concludes that press control was neither a routine nor a consistent mechanism.

The Project of Prose in Early Modern Europe and The New World

**Elizabeth Fowler and
Roland Greene, Editors**

What were the possibilities of prose as a literary medium in the sixteenth and seventeenth centuries? And how did it operate in the literary and social worlds? This book brings together ten new essays by leading scholars to answer these questions.

The Culture of Slander in Early Modern England

M. Lindsay Kaplan

Slander constitutes a central social, legal and literary concern of early modern England.

Kaplan reveals it to be an effective, if unstable, means of repudiating one's opposition, and shows how it was deployed by rulers and poets including Spenser, Jonson and Shakespeare. She challenges recent claims that the state controlled poets' criticisms by means of censorship.

Courtly Letters in the Age of Henry VIII

Literary Culture and the Arts of Deceit

Seth Lerer

This revisionary study of the origins of courtly literature reveals the culture of spectatorship and voyeurism that shaped early Tudor English literary life. Through new research into the reception of Chaucer's *Troilus and Criseyde*, it demonstrates how Pandarus became the model of the early modern courtier.

Britain and Indian Nationalism

The Imprint of Ambiguity 1929-1942

D.A. Low

On the eve of the fiftieth anniversary of Indian independence Low examines anew the distinctive character of perhaps the most momentous struggle of the twentieth century. He shows how the struggle was conditioned by the ambiguity of the British position, determined to hold fast to their Indian empire yet reluctant to offer unyielding resistance to their nationalist opponents.

Capitalism in Contention

Business Leaders and Political Economy in Modern Britain

Jonathan Boswell and James Peters

This book examines the ideas of business leaders on political, economic and ethical issues in modern Britain. Drawing on hitherto unexplored records and wide-ranging interviews, the book sheds new light on the Wilson, Heath and Thatcher periods, the "mixed economy" and the "New Right," the peak representative organizations of business, and business relationships with government.

NEW TITLES IN BRITISH STUDIES

HOPE AND GLORY

BRITAIN 1900-1990

Peter Clarke. "While the reading public for which this series is designed will be borne smoothly along on the wonderfully easy flow of Clarke's prose, fellow professionals will pause frequently to relish the skill with which he manages the transitions between topics and themes which a general survey continually requires."—*The Times Literary Supplement*. 464 pp.

GEORGE ELIOT: A LIFE

Rosemary Ashton. "It is tempting to think of George Eliot (1819-1880) as better matched to our century than her own. But Ashton's biography draws widely from Eliot's letters and from those of her contemporaries to provide a rich social context for a woman who embraced change, but seldom advertised it."—*Publishers Weekly*. 480 pp.

A CENTURY OF WOMEN THE HISTORY OF WOMEN IN BRITAIN AND THE UNITED STATES

Sheila Rowbotham. "We can thank our stars for Sheila Rowbotham, who has written an almost improbably lively, readable, and balanced account of the gender wars of one messy century...Its power lies in its showing that the momentous changes women now enjoy came to us not from the top down, but rather from the thousands of petty heroisms of thousands of tired individual women who each gave the cause of female freedom that one last push."—Naomi Wolf, *The Times* (London). 736 pp.

SELECTIONS FROM THE TATLER AND THE SPECTATOR

Richard Steele and Joseph Addison. Edited with an Introduction by Angus Ross. Light in tone but heavy in influence, the essays published in *The Tatler* and *The Spectator* examined everything from morality to philosophy and science. This collection—organized under such subjects as "Men, Women and Manners," "Politics and Public Affairs," and "Essays in Criticism"—sheds light on the ideas at the heart of 18th-century thought both in England and in Europe. 592 pp.

THE ENGLISH HISTORICAL REVIEW

First published in 1886, *The English Historical Review* is the oldest journal of historical scholarship in the English-speaking world. It deals not only with British history, but with almost all aspects of European and world history since the classical era: it covers the history of the Americas, including the foreign policy of the USA and her role in the wider world, but excludes the domestic history of the USA since Independence, for which other scholarly outlets are plentiful.

WINSTON CHURCHILL AND EMERY REVES CORRESPONDENCE, 1937-1965

Edited with an introduction and notes by Martin Gilbert

Early in 1937, the enterprising owner of an independent press service made Winston Churchill an irresistible offer. He would place Churchill's articles on current world events in major newspapers across Europe — and for significantly more money than Churchill's present agent. "I am absolutely convinced," Emery Reves assured Churchill, "that you will find the diffusion of your articles satisfactory."

So began a profitable business relationship that grew into an enduring personal friendship. In this book, Martin Gilbert chronicles that relationship through the correspondence of Winston Churchill and Emery Reves. He preserves a compelling record of how each man used the other's talents to forward a cause that passionately engaged them both — the spread of democratic ideals in a post-totalitarian world.

The correspondence ranges from short notes to lengthy letters and reveals the important role that Reves played in Churchill's writing life. Before World War II, Reves worked untiringly to place Churchill's pro-democracy articles in newspapers around the world. After the war, he acted as agent and editor for Churchill's war memoirs and his four-volume *History of the English-Speaking Peoples* and ultimately made Churchill one of the highest-paid authors of nonfiction in the twentieth century. The Churchill-Reves correspondence will be essential reading for all students and scholars of the Churchill era.

Indians and the Colonial Encounter in Late-Victorian Britain

Antoinette Burton

Burton focuses on the experiences of three Victorian travelers in Britain to illustrate how "Englishness" was made and remade in relation to imperialism. She shatters the myth of Britain's insularity from its own construction of empire and shows that it was instead a terrain open to continual contest and refiguration.
