

MARINE BIOLOGICAL ASSOCIATION OF THE
UNITED KINGDOM
RESEARCH AWARDS

Applications are invited for research awards to enable scientists from the United Kingdom, or from abroad, to work at the Association's Citadel Hill Laboratory, either as independent visitors or to collaborate in work currently being undertaken as part of the Association's Research Programme. Two levels of award are available:

RESEARCH BURSARIES available for visitors at all levels of experience from graduate students to senior scientists. Several awards are made each year with a maximum value of £2,500.

RAY LANKESTER INVESTIGATORSHIP available to postdoctoral research workers with several years of research experience in some aspect of marine biology or marine physiology. One award is made each year to a value of £5,000 to enable visitors to work at the Laboratory for a minimum of 5 months over an 18-month period.

Applications or enquiries are invited for 1990 and 1991. Successful applicants will be expected to become members of the Association.

Further details may be obtained from:
