

	PAGE
The effect of heat treatment on the limiting amino acids of groundnut flour for the chick. By K. ANANTHARAMAN and K. J. CARPENTER	xxxii
The growth of young turkeys on diets containing oxidized fish oil. By J. L. L'ESTRANGE, K. J. CARPENTER, C. H. LEA and L. J. PARR	xxxiii
Absence of long-term adaptation in the energy metabolism of sheep on constant feed. By J. L. CLAPPERTON and K. L. BLAXTER	xxxiii
The absorption of vitamin C in the stomach of small animals. By R. E. HUGHES and SANDRA C. LEWIS	xxxiv
Refractive error in the rat. By P. G. WARD	xxxv
Urinary sulphate sulphur as a measure of the protein value of diets, By P. L. PELLETT	xxxvii
French moult—a disease of the budgerigar of nutritional origin. By T. G. TAYLOR, PHILIPPA M. TINDAL and C. BISHOP	xxxviii
The use of the mouse for the study of iron in nutrition. By P. V. J. HEGARTY and G. R. WADSWORTH	xxxviii
Comparison of group tests for the assessment of diet and nutritional state. By BERNARD T. SQUIRES, T. P. EDDY and HELMY RIAD GAYED	xl
Demonstration of computer programmes applicable to nutritional calculations. By P. L. PELLETT and ERICA F. WHEELER	xli
Changes in the alimentary canal produced by protein-calorie deficiency. By B. S. PLATT and R. J. C. STEWART	xli
The effect of the protein value of the diet on the body composition of the rat during pregnancy. By DONALD J. NAISMITH	xlii
Estimation of the mineral density of the human phalanx from radiographs. By P. R. PAYNE and R. J. C. STEWART	xlii
The effect of the protein value and calcium content of the diet on the long bones of rats. By N. R. H. EL-MARAGHI	xliii

INDEX OF AUTHORS

Anantharaman, K.	xxxii	Harper, A. E.	173	Pellett, P. L.	xxxvii, xli

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of The Nutrition Society* reports of symposia on Nutritional and Toxicity Problems Associated with Fats (2-3 July 1965) and Diet and Diabetes (30 October 1965) and abstracts of communications to be presented at a meeting for original communications to be held on 3 December 1965.

CONTENTS OF VOLUME 24, No. 2, 1965

(All rights reserved)

SYMPOSIUM PROCEEDINGS

One Hundred and Seventy-first Scientific Meeting

VITAMIN A	PAGE
Vitamin A: Chairman's opening remarks. By R. A. MORTON	127
Vitamin A deficiency and excess. By T. MOORE	129
Occurrence, distribution and absorption of provitamins A. By S. Y. THOMPSON	136
Occurrence, absorption and distribution of vitamin A. By P. A. PLACK	146
Chemical structure and vitamin A activity. By G. A. J. PITT	153
Some aspects of the metabolism and biochemistry of vitamin A. By J. N. THOMPSON	160
The effect of vitamin A on the breakdown and synthesis of intercellular material in skeletal tissue in organ culture. By HONOR B. FELL	166
Membrane phenomena in relation to vitamin A. By J. T. DINGLE and J. A. LUCY	170

One Hundred and Seventy-second Scientific Meeting

AMINO ACID IMBALANCE	PAGE
Amino acid imbalance. By A. E. HARPER and Q. R. ROGERS	173
The balancing of amino acid mixtures and proteins. By A. E. BENDER	190
The concept of agent and target in amino acid interactions. By D. LEWIS	196
A comparative study of performance on high-protein diets of unbalanced amino acid composition. By K. J. CARPENTER and H. J. H. DE MUELENAERE	202
Effects of amino acid excess on metabolism. By H. N. MUNRO	209

ABSTRACTS OF COMMUNICATIONS

One Hundred and Seventieth Scientific Meeting

The effect of diet on the growth of the cestode <i>Hymenolepis diminuta</i> in the intestine of the rat. By D. F. METTRICK, C. A. HOPKINS and H. N. MUNRO	xv
Methane production of ruminants given natural feeds. By J. L. CLAPPERTON and K. L. BLAXTER	xvi
Methane production from formic acid. By J. E. VERCOE and K. L. BLAXTER	xvii
The effects of C ₁₈ acids on methane production by sheep. By J. W. CZERKAWSKI, K. L. BLAXTER and F. W. WAINMAN	xvii
Estimation of lignin. By J. W. CZERKAWSKI	xviii
Maternal weight for height. By A. M. THOMSON and W. Z. BILLEWICZ	xix
Vitamin A utilization and protein level and quality. By J. QUARTERMAN and GABRIELA C. SARAIVA	xx
The production and signs of zinc deficiency in the sheep. By C. F. MILLS, J. QUARTERMAN, R. B. WILLIAMS and A. C. DALGARNO	xxi
Riboflavine and fat in cow milk. By E. C. OWEN and R. PROUDFOOT	xxii
Comparison of slow and rapid recovery in the sheep following induction of rachitic symptoms. By D. BENZIE and J. C. GILL	xxiii
The nutritive value of leaf protein concentrates. By A. A. WOODHAM	xxiv

One Hundred and Seventy-third Scientific Meeting

Rumen volatile fatty acid proportions and herbage diets. By D. J. THOMSON and R. A. TERRY	xxv
The effect of varying rumen volatile fatty acid proportions on the energy retention and carcass composition of lambs. By D. J. THOMSON	xxvi
Observations on the interaction of protein and calcium during reproduction in the rat. By N. R. H. EL-MARAGHI and R. J. C. STEWART	xxvi
Diet methodology: a comparison between a 3-day and a 7-day study on 200 infants. By J. V. G. A. DURNIN, W. J. MCLEES and C. C. MACLEOD	xxvii
Malnutrition in Glasgow children, 1964. By G. C. ARNEIL	xxvii
The treatment of obesity with a bread of high protein and low carbohydrate content. By A. N. HOWARD and T. B. ANDERSON	xxviii
Tissue phospholipids in hypervitaminosis A. By U. K. MISRA	xxix
The effects of the level of dietary manganese on shell formation in pullets. By J. W. MATHERS and R. HILL	xxx
An abnormal cartilage formation of unknown nutritional aetiology in chicks. By M. C. NESHEIM and R. M. LEACH Jr.	xxxi
