AGRONOMY JOURNAL

Agronomists throughout the world have found the *Agronomy Journal*, monthly publication and official organ of the American Society of Agronomy, a source of up-to-date reports on agronomic research. Workers in the fields of forages and pastures, small grain improvement, corn, fibre crops and legumes, cultural practices, and soil fertility, as well as closely allied fields of investigation find articles of lasting interest in the *Agronomy Journal*. Publication is open to members of the American Society of Agronomy.

\$15.00 per year, U.S., Canada, and pan-American countries; \$16.00 per year elsewhere.

Progress in the Physiology of Farm Animals

Edited by

JOHN HAMMOND

C.B.E., M.A., D.S.C., F.R.S.

School of Agriculture, Cambridge

The work surveys the whole field of farm animal physiology, including poultry, with the object of collecting and interpreting the research carried out over the last twenty years, and making it readily understandable and easily assimilated. Each chapter has been written by a well-known authority who has taken an active part in the progress of his subject. Vols. 1 and 2 are now available, and the third volume will be published shortly.

Three volumes, 45s. per volume

A detailed prospectus is available post free, on request
