# WEED SCIENCE

*Published six times a year by the Weed Science Society of America*

William K. Vencill, *Editor*

The Weed Science Society of America publishes original research and scholarship in the form of peer-reviewed articles in three international journals. *Weed Science* is focused on understanding “why” phenomena occur in agricultural crops. As such, it focuses on fundamental research directly related to all aspects of weed science in agricultural systems. *Weed Technology* focuses on understanding “how” weeds are managed. As such, it is focused on more applied aspects concerning the management of weeds in agricultural systems. *Invasive Plant Science and Management* is a broad-based journal that focuses not only on fundamental and applied research on invasive plant biology, ecology, management, and restoration of invaded non-crop areas, but also on the many other aspects relevant to invasive species, including educational activities, policy issues, and case study reports. Topics for *Weed Science* include the biology and ecology of weeds in agricultural, forestry, aquatic, turf, recreational, rights-of-ways, and other settings; genetics of weeds and herbicide resistance; chemistry, biochemistry, physiology and molecular action of herbicides and plant growth regulators used to manage undesirable vegetation, and herbicide resistance; ecology of cropping and non-cropping systems as it relates to weed management; biological and ecological aspects of weed control tools including biological agents, herbicide resistant crops, etc.; effects of weed management on soil, air, and water. Symposia papers and reviews are accepted. Consult the editor for additional information.

## Associate Editors (Assignment Year)

**Muthukumar V Bagavathiannan**, Texas A&M, College Station, TX 77843 (2015)

**Nathan Boyd**, University of Florida, Wimauma, FL 33598 (2021)

**Ian Burke**, Washington State University, Pullman, WA 99164 (2019)

**Carlene Chase**, Horticultural Sciences Department, University of Florida, Gainesville, FL 32611 (2016)

**Bhagirath Singh Chauhan**, Queensland Alliance for Agriculture and Food Innovation (QAAFI), The University of Queensland, Queensland, Australia (2014)

**Sharon Clay**, South Dakota State University Plant Science Department, Brookings, SD 57007 (2002)

**Timothy Grey**, Department of Crop and Soil Science, University of Georgia, Tifton, GA 31793 (2009)

**Erin Haramoto**, University of Kentucky, Lexington, KY 40506 (2020)

**Prashant Jha**, Iowa State University, Ames, IA 50011 (2017)

**Mithila Jugulam**, Kansas State University, Manhattan, KS 66506 (2019)

**Vipan Kumar**, Kansas State University, Hays, KS 67601 (2020)

**Ramon Leon**, Department of Crop and Soil Sciences, North Carolina State University, Raleigh, NC 27695 (2016)

**Sara Martin**, Ag Canada, Ottawa, Canada (2018)

**Chris Preston**, Australian Weed Management, University of Adelaide, PMB1, Glen Osmond, SA 5064, Australia (2003)

**Dean Riechers**, Department of Crop Sciences, University of Illinois, Urbana, IL 61801 (2011)

**Hilary Sandler**, University of Massachusetts–Amherst Cranberry Station, East Wareham, MA 02538 (2008)

**Debalin Sarangi**, University of Wyoming, Powell, WY 82435 (2020)

**Steven Seefeldt**, USDA-ARS, University of Alaska, Fairbanks, AK 99775 (2011)

**Patrick J. Tranel**, Department of Crop Sciences, University of Illinois, 360 ERML, Urbana, IL 61801 (2002)

**Te-Ming Paul Tseng**, Mississippi State University, Mississippi State, MS 39762 (2019)

**Martin M. Williams II**, USDA-ARS Global Change and Photosynthesis Research, Urbana, IL 61801 (2008)

**Chenxi Wu**, Crop Science Division, Plant Biotechnology – Research & Development, Bayer U.S., Chesterfield, MO 63017 (2019)

Tracy Candelaria, *Managing Editor*

## Officers of the Weed Science Society of America

<http://wssa.net/society/bod/>

*Weed Science* (ISSN 0043-1745) is an official publication of the Weed Science Society of America, 12011 Tejon Street, Suite 700, Westminster, CO 80234 (720-977-7940). It contains refereed papers describing the results of research that elucidates the nature of phenomena relating to all aspects of weeds and their control. It is published bimonthly, one volume per year, six issues per year beginning in January.

Membership includes online access to *Weed Science*, *Weed Technology*, *Invasive Plant Science and Management*, and the online *WSSA Newsletter*. Dues should be sent to WSSA, 12011 Tejon Street, Suite 700, Westminster, CO 80234 no later than December 1 of each year. Membership in the society is on a calendar-year basis only.

New subscriptions and renewals begin with the first issue of the current volume. Please visit the *Weed Science* subscription page at <https://www.cambridge.org/core/journals/weed-science/subscribe>; Email: [subscriptions\\_newyork@cambridge.org](mailto:subscriptions_newyork@cambridge.org) in USA, [journals@cambridge.org](mailto:journals@cambridge.org) outside USA.

*Weed Science* publishes six times a year in January, March, May, July, September, and November. Annual institutional electronic subscription rates: US \$443.00; UK £308.00.

Please use Editorial Manager to access manuscript submissions (<http://www.editorialmanager.com/ws>). Authors are asked to pay \$65 per page as a portion of the cost of publication, plus an additional processing charge of \$55 per manuscript if none of the authors are WSSA members. The Editor can make exceptions in advance when justified.

The Weed Science Society of America fully subscribes to the belief that progress in science depends upon the sharing of ideas, information, and materials among qualified investigators. Authors of papers published in *Weed Science* are therefore encouraged, whenever practicable and when state and federal laws permit, to share genotypically unique, propagative materials they might possess with other workers in the area who request such materials for the purpose of scientific research.

*Weed Science* published by the Weed Science Society of America.

# WEED SCIENCE

Journal of the Weed Science Society of America

Volume 69 Number 5 September 2021

## SPECIAL ISSUE ARTICLES

- Weedy rice (*Oryza spp.*): what's in a name?. *Nilda Roma-Burgos, Maggie Pui San Sudo, Kenneth M. Olsen, Isabel Werle and Beng-Kah Song*..... 505
- Weedy rice update in Arkansas, USA, and adjacent locales. *Nilda Roma-Burgos, Thomas R. Butts, Isabel S. Werle, Sunny Bottoms and Andy Mauromoustakos*..... 514
- Survey of rice production practices and perception of weedy red rice (*Oryza sativa f. spontanea*) in Taiwan. *Yung-Fen Huang, Dong-Hong Wu, Chih-Lu Wang, Pei-Rong Du, Chih-Yun Cheng and Chia-Chi Cheng*..... 526
- Status of weedy rice (*Oryza spp.*) infestation and management practices in southern Brazil. *Luis Antonio de Avila, José Alberto Noldin, Carlos H. P. Mariot, Paulo F. S. Massoni, Marcus V. Fipke, Vinicios R. Gehrke, Aldo Merotto Jr, Flavia M. Tomita, André B. Matos, Gelson Facioni, Edinei B. Vieira, Eduardo S. Rosa, Roger P. Santis, Edinaldo R. Camargo, Giovani Theisen and Nilda Roma-Burgos*..... 536
- Weedy rice (*Oryza spp.*) diversity in southern Brazil. *Leonard Bonilla Piveta, José Alberto Noldin, Nilda Roma-Burgos, Vivian Ebeling Viana, Lariza Benedetti, Jesus Juares Oliveira Pinto, Fabiane Pinto Lamego and Luis Antonio de Avila*..... 547
- Survey on weedy rice (*Oryza spp.*) management practice and adoption of Clearfield® rice technology in Peninsular Malaysia. *Masilamany Dilipkumar, Muhammad Saiful Ahmad-Hamdani, Hairazi Rahim, Tse Seng Chuah and Nilda Roma Burgos*..... 558
- Relationship between weedy rice (*Oryza sativa*) infestation level and agronomic practices in Italian rice farms. *Aldo Ferrero, Silvia Fogliatto, Andrea Barberi and Francesco Vidotto*..... 565
- Dynamics of weedy rice soil seedbank under different control strategies in Italian rice fields: survey and model study. *André Andres, Silvia Fogliatto, Lammert Bastiaans and Francesco Vidotto*..... 575
- Eighteen years of Clearfield™ rice in Brazil: what have we learned?. *Luis Antonio de Avila, Enio Marchesan, Edinaldo R. Camargo, Aldo Merotto Jr, André da Rosa Ulguim, José Alberto Noldin, André Andres, Carlos H. P. Mariot, Dirceu Agostinetto, Sylvio H. B. Dornelles and Catarine Markus*..... 585
- Evolution of imidazolinone-resistant weedy rice in Malaysia: the current status. *Rabiatuladawiyah Ruzmi, Muhammad Saiful Ahmad-Hamdani, Mohamad Zuhair Zainal Abidin and Nilda Roma-Burgos*..... 598
- Rice farming components for biological weed control in transplanted rice: perspective on weedy rice management. *Ramanathan Kathiresan and Sangeeviraman Vishnudevi*..... 609

## ERRATUM

- Survey of rice production practices and perception of weedy red rice (*Oryza sativa f. spontanea*) in Taiwan – ERRATUM. *Yung-Fen Huang, Dong-Hong Wu, Chih-Lu Wang, Pei-Rong Du, Chih-Yun Cheng and Chia-Chi Cheng*..... 615
- Relationship between weedy rice (*Oryza sativa*) infestation level and agronomic practices in Italian rice farms – ERRATUM. *Aldo Ferrero, Silvia Fogliatto, Andrea Barberi and Francesco Vidotto*..... 616
