APSA Directory of Members

The Association is publishing a Membership Directory with a projected publishing date of September 1980. The Association has already collected brief biographical information on APSA members who are on the faculty at universities and colleges with graduate programs. A short questionnaire was sent in April to APSA members at universities and colleges with undergraduate programs and to APSA members in nonteaching positions. If you have not received your questionnaire by May 15, please write Membership Secretary, APSA, requesting a questionnaire. (See announcement and order form on p. 000.)

Directory of Librarians and Information Scientists in Political Science

The Association has published a new Directory of Librarians and Information Scientists in Political Science. The volume, edited by Robert Goehrlert, Indiana University, contains biographical information on 124 librarians and information scientists in political science. It may be ordered from the Association, prepaid, \$5 for members, \$7 for non-members.

The aim of this *Directory* is to form a network of librarians and information scientists willing to provide reference and research assistance in the field of political science. This *Directory* is intended to serve political scientists and librarians by facilitating the exchange of information and ideas about the bibliography of political science, methods of library instruction and research. The *Directory* is expected to aid political scientists who are planning to do research at another library or special collection and want to contact the librarian who works in that geographical area. By knowing the name of a librarian at a particular library or research center, political scientists can inquire directly about an institution's resources or seek reference assistance.
