Desert Days

My Life as a Field Archaeologist

“Archaeologists know that Fred Wendorf’s expeditions produced most of what we know about the Stone Age prehistory of northeastern Africa and that he contributed centrally to the archaeology of the American Southwest. In this book, they’ll discover he can also describe, with modesty and candor, the circumstances that shaped his extraordinary career.”—**Richard Klein**

“A rare inspiring story of a scholar whose intellectual commitment burns bright, reminding us of why we went into archaeology in the first place.”
—**Stuart Struever**

ANNOUNCEMENT

American Antiquity is pleased to announce the launch of its new online manuscript submission and tracking system, Editorial Manager®. Editorial Manager is a Web-based manuscript submission and peer review system developed by Aries Systems Corporation for scholarly journals, reference works, and conference proceedings; more than 3,000 publications currently use workflow solutions from Aries Systems.

Editorial Manager is simple to use, and tutorials and instructions are available to acquaint authors and reviewers with the procedures. Using the system, authors submit original and revised manuscripts, editorial staff send manuscripts out for peer review, reviewers conduct reviews and return comments, and editors make final decisions.

Authors are now required to use Editorial Manager for all submissions of new manuscripts. The system can be accessed at <http://www.editorialmanager.com/aq>.
