

GEOLOGICAL MAGAZINE

founded in 1864

by the late Dr. H. Woodward, F.R.S., with which

is incorporated

THE GEOLOGIST

(founded 1858)

Published every two months price 45/- per annum.
(single numbers, 10/-).

Subscriptions for 1957, inquiries relating to back stock, advertising, etc., should be sent to Stephen Austin & Sons, Ltd., Caxton Hill, Ware Road, Hertford, Herts.

The Editors are directed to make it known to the public that the authors alone are responsible for the facts and opinions contained in their respective papers and for the correctness of their references.

Instructions to Contributors.

Articles submitted for publication in the *Geological Magazine* should be addressed to the Editors at the *Sedgwick Museum, Cambridge*, not to the Publishers.

Manuscripts should be typewritten, double-spaced, and preferably with a wide margin, and should be carefully revised; they should be as concise as possible and should not exceed 10,000 words. In the case of a long article allowance must be made for text-figures at the rate of approximately twenty words per sq. in. MS. must be accompanied by a short abstract, 50-100 words. References should not be given in footnotes, but arranged in alphabetic order of author's names at the end of the article; the author's name should be followed by date of publication, and the title of each paper should be given in addition to volume and page numbers of the Journal, thus:—

LAPWORTH, C. 1878. The Moffat Series. *Quart. Journ. Geol. Soc.*, xxxiv 240-343.

References should be cited in the text by author's name and date, with page reference if necessary, in brackets:—(Lapworth, 1878, p. 339).

Illustrations should be so drawn as to allow reduction to a maximum size of $6\frac{3}{4} \times 3\frac{3}{4}$ inches (the type-area of the Magazine) and originals must not exceed 40×22 inches. Map lettering should be such as to be clearly legible after reduction (equivalent to 5-point as a *minimum* on reduction), while lettering on text-figures should in general be left in pencil for printing.

Authors will receive 25 reprints free of cost.

GEOLOGIST (Mineralogist-Petrologist), Ph.D., 39, married, ten years' experience of Economic Geology in Central Africa (exploration, geochemical prospecting, mineral evaluations, etc.), at present in charge of a Prospection Department, seeks worthwhile change. Excellent references. Reply Box No. 101, *Geological Magazine*, Caxton Hill, Ware Road, Hertford, Herts.

AUSTRALIA—UNIVERSITY OF TASMANIA

Lecturer in Geology

The University invites applications for the above position. Applicants should be competent to lecture in Economic Geology and Structural Geology.

The salary scales for lecturers are Grade II £A1,450-60-£A1,630 and Grade I £A1,630-60-£A2,050. Appointment will be offered within the range for Lecturers Grade II or Grade I according to qualifications and experience.

An allowance is made towards travelling expenses and housing assistance is available.

The closing date for the receipt of applications, in Australia and London, is *15th December, 1958.*

CHELSEA COLLEGE OF SCIENCE AND TECHNOLOGY

Manresa Road, S.W. 3.

DEPARTMENT OF GEOLOGY

Head of Department : W. E. SMITH, M.Sc., Ph.D.(Lond.), F.G.S.

PHOTOGEOLOGY

An evening course of ten lectures with practical work will be given by R. L. Birch, B.Sc. (Overseas Geological Surveys) on the geological interpretation of aerial photographs, on Wednesdays, 6-9 p.m., commencing 14th January, 1959. The course is intended for advanced students and graduates in Geology.

The number of places is strictly limited and early application is advisable. Further information may be obtained on application to the Head of the Department.
