*A Peptonised Food that can be made in a minute, the
addition of boiling water only being necessary.*

A PANCREATISED MILK AND CEREAL FOOD.

By the use of the "Allenburys" Diet all trouble of peptonising milk and farinaceous foods is overcome. In the sick room it will be found extremely useful as the food is easily digested and assimilated, is quickly made, and only the exact quantity required need be prepared at a time.

The "Allenburys" Diet is made from pure rich milk and whole wheat, both ingredients being largely pre-digested during manufacture. It can be taken by those who cannot digest cow's milk, and provides a light and very nourishing diet for Invalids, Dyspeptics and the Aged.

For travellers by sea or land this complete food will be found exceedingly valuable.
