

MRS BULLETIN

Materials Research Society Vol. XI No. 2 March/April 1986

1986 SPRING MEETING

PALO ALTO EDITION
See center section for schedules,
maps, and other information on
1986 Spring Meeting

Message from President Pike

Graduate Student Award Winners

1986 Fall Meeting Call for Papers

Nominations Sought: 1986 Von Hippel Award

1987 Federal Budget for Materials Research

Update: Versailles Project on Advanced Materials

Quasiperiodic Crystals: A Revolution in Crystallography

JUST TOUCHING THE SURFACE?

DO YOU KNOW WHERE YOUR INTERFACE IS?

RBS can find it for you! **R**utherford **B**ackscattering **S**pectrometry—Quantitative atomic stoichiometry without standardization and non-destructive multi-layered depth profiling to 10,000Å.

Operation of RBS Surface Analyzer is a piece of cake. RBS provides quick (15 minutes) and accurate ($\pm 5\%$) surface and depth information applicable to metals, silicides, catalysts, polymers, glasses, and coatings.

Send us several samples; RBS will find your interface. Get in touch with General Ionex Corporation, 19 Graf Road, Newburyport, MA 01950—Attention: Dr. David Stern (617) 462-7147.

1986 SPRING MEETING

- 7 1986 Spring Meeting—Message from President
Gordon E. Pike
- 8 Eight Young Scientists to be Presented with
Student Awards

FEATURES

- 9 Quasiperiodic Crystals: A Revolution in
Crystallography (1985 Von Hippel Lecture)
- 31 Call for Papers: 1986 MRS Fall Meeting

ALSO

- 15 *Journal of Materials Research* Seeks Manuscripts
for Upcoming Issues
- 16 Information for Contributors to *Journal
of Materials Research*
- 18 E-MRS Charts Course for 1986
- 18 E-MRS Established as Official Scientific Society
- 21 Material Gains: The FY'87 Federal Budget
- 24 MRS Publishes Proceedings of Workshop on
Tungsten and Other Refractory Metals for
VLSI Applications
- 24 1986 Von Hippel Award Nominations Sought
- 37 MRS Committee Goals
- 39 Versailles Materials Project Moves Toward
Independence
- 48 **MRS BULLETIN** Seeks Contributions
- 49 MRS Membership Application

DEPARTMENTS

- 2 Book Reviews
- 4 Research/Researchers
- 6 Editor's Choice
- 28 Section News
- 29 Student Chapter News
- 30 Short Course News
- 41 Upcoming Conference
- 42 Conference Report
- 45 Calendar
- 52 Classified

ON THE COVER

Electron diffraction pattern obtained in 1982 by D. Sheckman from rapidly cooled Al-Mn alloys. See "Quasiperiodic Crystals: A Revolution in Crystallography," page 9.

MRS BULLETIN is published bimonthly by the Materials Research Society for its members and others interested in materials science. Correspondence and submissions are invited. They should be brief and typewritten (double-spaced), and the author's affiliation must be indicated. Address all correspondence to the Editor.

1986 MRS Officers

President
G. E. Pike

Sandia National Laboratories

First Vice President and President-Elect

K. C. Taylor

GM Research Laboratories

Second Vice President

J. E. E. Baglin

IBM Research Center

Secretary

R. C. Ewing

University of New Mexico

Treasurer

C. W. Draper

AT&T Technologies

Past President

E. N. Kaufmann

Lawrence Livermore National Laboratory

MRS Executive Director

J. B. Ballance
