

Erratum

In the article 'The structure of serum lipoproteins as analysed by X-ray small-angle scattering' by P. Laggner and K. Müller in *Quart. Rev. Biophys.* **11** (1978) 371-425, the following printing errors occurred:

p. 389, line 7 from bottom:

' $\Delta\bar{\rho} = \bar{\rho}\rho_{\text{solvent}}$ ' should read ' $\Delta\bar{\rho} = \bar{\rho} - \rho_{\text{solvent}}$ '.

p. 390, line 19: ' $R_{\text{polar}} = 3.5 \text{ nm}$ ' should read ' $R_{\text{apolar}} = 3.5 \text{ nm}$ '.

p. 393, legend to Fig. 7: 'LpA/' should read 'LpA₃'.

p. 400, heading to Table 3: ' I_{max} ' should read ' l_{max} '.

p. 404 line 20: 'diameters of 1.4 and 2 nm' should read 'diameters of 14 and 20 nm'.

p. 405, Table 5: The value of $\rho_2 = 309 \text{ e. nm}^{-3}$ for cholesterol should correctly read 324 e. nm^{-3} .

p. 407, line 9: ' $R.(\Delta\rho)^2$ ' should read ' $R^2.(\Delta\rho)$ '.
