Cambridge University Press

Mathematical Problem Papers. Compiled and arranged by the Rev. E. M. RADFORD, M.A. Second edition, revised. Crown 8vo. 4s 6d net.

Solutions. 10s 6d net.

Algebraic Equations. By G. B. MATHEWS, M.A., F.R.S. Second edition. Demy 8vo 2s 6d net. Cambridge Mathematical Tracts, No. 6.

The General Theory of Dirichlet's Series. By G. H. HARDY, M.A., F R.S., and MARCEL RIESZ, Dr.Phil. Demy 8vo. 3s 6d net. Cambridge Mathematical Tracts, No. 18.

The Integration of Functions of a Single Variable. By G. H. HARDY, M.A., F.R.S. Second edition. Demy 8vo. 3s net. Cambridge Mathematical Tracts, No. 2.

A Course of Pure Mathematics. By G. H. HARDY, M.A., F.R.S. Second edition, revised. Demy 8vo. 12s net.

Principia Mathematica. By A. N. WHITEHEAD, Sc.D., F.R.S., and the Hon. BERTRAND RUSSELL, M.A., F R.S. Large royal 8vo. Volume I, 25s net. Volume II, 30s net. Volume III, 21s net.

A Course of Modern Analysis. An Introduction to the General Theory of Infinite Processes and of Analytic Functions, with an Account of the Principal Transcendental Functions. Second edition, completely revised. By E. T. WHITTAKER, D.Sc., F.R.S., and G. N. WATSON, M.A. Large royal 8vo. 18s net.

Theory of Differential Equations. By A. R. FORSYTH, Sc.D., F.R.S. Demy 8vo.

Part I.—Exact Equations and Pfaff's Problem. 10s net.

,, II.—Ordinary Equations, not Linear. In 2 volumes. 20s net.

,, III.—Ordinary Linear Equations. 12s 6d net.

,, IV.—Partial Differential Equations. In 2 volumes. 25s net.

The Theory of Functions of a Real Variable and the Theory of Fourier's Series. By E. W HOBSON, Sc.D., LL.D., F R.S., Sadleirian Professor of Pure Mathematics, and Fellow of Christ's College, Cambridge. Royal 8vo. 21s net.

Euclid's Book on Divisions of Figures, with a restoration based on Woepcke's Text and on the *Practica Geometriae* of Leonardo Pisano. By R. C. ARCHIBALD, Ph.D. Royal 8vo. 6s net.

The Thirteen Books of Euclid's Elements. Translated from the text of Heiberg. With Introduction and Commentary. By Sir THOMAS L. HEATH, K.C.B., F.R.S., Sc.D. In 3 volumes. Royal 8vo. 42s net.

THE MATHEMATICAL ASSOCIATION.

(An Association of Teachers and Students of Elementary Mathematics.)

"*I hold every man a debtor to his profession, from the which as men of course do seek to receive countenance and profit, so ought they of duty to endeavour themselves by way of amends to be a help and an ornament thereunto.*"—BACON.

President (for 1915 and 1916) :

Professor A. N. WHITEHEAD, Sc.D., F.R.S.

Vice-Presidents :

Prof. G. H. BRYAN, Sc.D., F.R.S.	A. LODGE, M.A.
Prof. A.R. FORSYTH, Sc.D., LL.D., F.R.S.	G. B. MATHEWS, M.A., F.R.S.
Sir GEORGE GREENHILL, M.A., F.R.S.	A. W SIDDONS, M.A.
Prof. E. W HOBSON, Sc.D., F.R.S.	Prof. H. H. TURNER, D.Sc., F.R.S.
R. LEVETT, M.A.	Prof. R. W GENESE, M.A.

Hon. Treasurer :

F. W. HILL, M.A., City of London School, London, E.C.

Hon. Secretaries :

C. PENDLEBURY, M.A., 39 Brandenburgh Road, Gunnersbury, London, W
Miss M. PUNNETT, B.A., The London Day Training College, Southampton Row, W.C.

Hon. Secretary of the General Teaching Committee :

P ABBOTT, M.A., 5 West View, Highgate Hill, N.

Editor of *The Mathematical Gazette* :

W J. GREENSTREET, M.A., The Woodlands, Burghfield Common, near Mortimer, Berks.

Hon. Librarian :

C. E. WILLIAMS, M.A., 15 Ranelagh Avenue, Barnes, S.W

Other Members of the Council :

F C. BOON, M.A.	W M. ROBERTS, M.A.
Miss E. GREENE.	Miss H. M. SHELDON, M.A.
F S. MACAULAY, M.A., D.Sc.	C. O. TUCKEY, M.A.
G. W PALMER, M.A.	G. GOODWILL, M.A.
W E. PATERSON, M.A.	Miss M. R. BALDWIN, M.A

THE MATHEMATICAL ASSOCIATION, which was founded in 1871, as the *Association for the Improvement of Geometrical Teaching*, aims not only at the promotion of its original object, but at bringing within its purview all branches of elementary mathematics.

Its purpose is to form a strong combination of all persons who are interested in promoting good methods of teaching mathematics. The Association has already been largely successful in this direction. It has become a recognised authority in its own department, and has exerted an important influence on methods of examination.

The Annual Meeting of the Association is held in January Other Meetings are held when desired. At these Meetings papers on elementary mathematics are read and discussed.

Branches of the Association have been formed in London, Southampton, Bangor, and Sydney (New South Wales). Further information concerning these branches can be obtained from the Honorary Secretaries of the Association.

"**The Mathematical Gazette**" (published by Messrs. G. BELL & SONS, LTD.) is the organ of the Association. It is issued at least six times a year. The price per copy (to non-members) is 1s. 6d. ; special numbers 2s. each. The *Gazette* contains—

(1) ARTICLES, mainly on subjects within the scope of elementary mathematics ;

(2) NOTES, generally with reference to shorter and more elegant methods than those in current text-books ;

(3) REVIEWS, written by men of eminence in the subject of which they treat. They deal with the more important English and Foreign publications, and their aim, where possible, is to dwell on the general development of the subject, as well as upon the part played therein by the book under notice ;

(4) SHORT NOTICES of books not specially dealt with in the REVIEWS ;

(5) QUERIES AND ANSWERS, on mathematical topics of a general character.

Intending members are requested to communicate with one of the Secretaries. The subscription to the Association is 10s. per annum, and is due on Jan. 1st. It includes the subscription to "The Mathematical Gazette."
