## Christian America?

*What Evangelicals Really Want*

CHRISTIAN SMITH

“This book clearly demonstrates how important it is to listen. Smith’s work provides us with broad and systematic confirmation of what a decade of ethnographic studies had anticipated—when we get past our stereotypes long enough to listen to ordinary evangelicals, we find a much more diverse and ambivalent family than the ‘mighty charging army’ of culture war rhetoric. Serious

attention to the findings reported here can be an important ingredient in building the civil and tolerant society we say we want.”
