- IX. RELIGIO MEDICI
To Be a Doctor • The Young Princes • The Legacy of St. Luke
- INDEX

This new collection of articles and essays traverses the vast expanse of human experience to present a fresh and exciting view of the world of medicine and the arts. ARIEL: ESSAYS ON THE ARTS AND THE HISTORY AND PHILOSOPHY OF MEDICINE combines new concepts, original observations, and imaginative thinking in a book that will give many hours of reading pleasure. One of the outstanding features of this collection of 42 essays and articles is the inclusion of the author's 13 original expanded versions of his introductions to the installments of THE EPIC OF MEDICINE, which originally appeared in the medical newsmagazine, MD. As a unit they provide a dramatic and cogent preface to the history of medicine. The other essays and articles in this volume cover a wide range of both historical and contemporary subjects.

ARIEL is a book for those who choose to explore the wondrous paths of the human mind. It is a book for physicians, philosophers, sociologists, educators, students—all who know the excitement of discovery and seek new ideas. 292 PAGES/CLOTH BOUND/\$6.50

An Index to Citations in Garrison-Morton

COMPILED BY LEE ASH

With "The Story of the Garrison-Morton Bibliography of Medical Classics",
A Yale Woodward Lecture by Leslie T. Morton

"A guide to information otherwise unavailable without considerable and time-consuming research. . . ." Foreword, Gertrude L. Annan, Librarian, N.Y. Academy of Medicine.

Indexes about 5,000 articles in 900 serial publications. Under each serial title individual issues containing medical classics are listed chronologically, with date, volume number, pagination, author, and Garrison-Morton number.

Useful to librarians, collectors, and dealers – the largest and the smallest – to help locate unsuspected classics for preservation, exhibition, collection, and sale.

174 pages. Cloth. \$6.75 post paid.

**The Antiquarium, 31 Alden Road, New Haven 15
Connecticut, U.S.A.**
