

CONTENTS

Cooperative Study, Phase Two: Statement of the problems — Barbeau, A	57
Autosomal recessive spastic ataxia of Charlevoix-Saguenay Bouchard, J. P., Barbeau, A., Bouchard, R. and Bouchard, R. W.	61
Clinical and electronystagmographic findings in Friedreich's ataxia Monday, L. A., Lemieux, B., St. Vincent, M. and Barbeau, A.	71
HLA and complement typing in olivo-ponto-cerebellar atrophy Wastiaux, J. P., Lamoureux, G., Bouchard, J. P., Durivage, A., Barbeau, C. and Barbeau, A.	75
Cardiac Pharmacology and cardiomyopathy in Friedreich's ataxia — Huxtable, R. J.	83
Regulation of cytoplasmic calcium: Interactions between prostaglandins, prostacyclin, thromboxane A², zinc, copper and taurine Horrobin, D. F., Manku, M. S., Cunnane, S., Karmazyn, M., Morgan, R. O., Ally, A. I. and Karmali, R. A.	93
Oxygen transport in patients with Friedreich's ataxia Bureau, M. A., Berthiaume, Y., Begin, R., Shapcott, D., Lemieux, B. and Cote, M.	97
Familial hyperbilirubinemia in Friedreich's ataxia Hamel, E., Bedard, D., Laviolette, F., Butterworth, R. F. and Barbeau, A.	101
Lipoamide dehydrogenase regulation in rat brain — Ngo, T. T. and Barbeau, A	105
Serum and platelet lipoamide dehydrogenase in Friedreich's ataxia Filla, A., Butterworth, R. F., Geoffroy, G., Lemieux, B. and Barbeau, A.	111
Lipoamide dehydrogenase in Friedreich's ataxia fibroblasts Melancon, S. B., Potier, M., Dallaire, L., Fontaine, G., Grenier, B., Lemieux, B., Geoffroy, G. and Barbeau, A.	115
Platelet taurine uptake in spinocerebellar degeneration Filla, A., Butterworth, R. F., Geoffroy, G., Lemieux, B. and Barbeau, A.	119
Taurine in cerebrospinal fluid in Friedreich's ataxia Lemieux, B., Giguere, R., Barbeau, A., Melancon, S. and Shapcott, D.	125
Cerebellar ataxia produced by 3-acetyl pyridine in rat Butterworth, R. F., Hamel, E., Landreville, F. and Barbeau, A.	131
Effect of alloxan diabetes on cerebellar amino acids Butterworth, R. F., Hamel, E., Landreville, F. and Barbeau, A.	135
Antagonism by taurine of morphine induced growth hormone secretion Collu, R., Charpenet, G. and Clermont, M. J.	139
Purine metabolism in Friedreich's ataxia Draper, P., Lemieux, B., Fox, I. H. and Shapcott, D.	143
Plasma lipids and lipoproteins in Friedreich's ataxia and familial spastic ataxia — Evidence for an abnormal composition of high density lipoproteins Huang, Y. S., Nestruck, A. C., Barbeau, A., Bouchard, J. P. and Davignon, J.	149
Emerging treatments: Replacement therapy with choline or lecithin in neurological diseases — Barbeau A.	157
Friedreich's ataxia 1978 — An overview — Barbeau, A.	161
