

Your complete source for:

- \* X-ray Tubes
- \* Capillaries (Quartz & Glass)
- \* Goniometer Heads
- \* Kodak™ X-ray film products
- \* Huber Components
- \* Complete Diffractometers
- \* Classical X-ray Cameras
- \* Custom Designs

Huber 424/511.1 Sealed Source Beamline

More than 4500 professionals at over 1400 research locations have chosen Blake Industries for their X-ray diffraction instrumentation.

BLAKE INDUSTRIES, INC.

Let us put our experience to work for you.

### **Blake Industries, Inc.**

660 Jerusalem Road, Scotch Plains, New Jersey 07076 USA

# XRD TUBES

## SEIFERT

- Extra large and extra thin Be-window for a high intensity X-ray beam, specially suited for long fine focus applications.
- Razor sharp focal spots ensure beam brilliance.
- Spectral purity
- Efficient cooling system for extended anode life.
- Full line of tubes  
5 different focal spots,  
7 different target materials,  
2 different anode lengths,  
compatible with European style towers.
- Designed and manufactured under ISO 9001 standards.  
Backed by a world wide warranty of 2500 hrs.

DIN ISO 9001 / EN 29001

- World wide fast and friendly service, available through SEIFERT authorized service stations and re-sellers.
