# **BMARC adds more firepower... ...less weight**

Troop carrier, transport, reconnaissance unit, gunship: in defence, the helicopter fulfils a variety of purposes. Switching from one role to another is made quicker and simpler by the range of purpose-built armaments from BMARC, suppliers of optional weapon fits for the Westland Lynx.

## **Fit... Fly... Fire...**

Fitting a lightweight, low-recoil 20mm cannon with a range of up to 1,500m and a firing rate of 950 rounds per minute, can be surprisingly fast. Fitting 81mm SURA-D rail-launched rockets capable of knocking out heavily armoured vehicles is even faster.

BMARC weapons and ammunition make the helicopter a force to be reckoned with. A force that is quick on the draw.

BMARC is the British manufacturing company in the Oerlikon-Bührle Group.

**BMARC**

BMARC is a member of the Oerlikon-Bührle Group.
