Identification Service—c/o British Museum (Natural History), Cromwell Road, London SW7 5BD, UK.

The C·A·B International Institute of Entomology is one of 10 Bureaux and 4 Institutes that together form the C·A·B International, an organization sponsored by the Commonwealth governments for the dissemination of information on agricultural research.

The *Bulletin of Entomological Research* is a quarterly journal prepared by the Institute and published by the C·A·B International.

Annual Subscription Rate 1986

To subscribers in countries that are members of CAB	£64·00
To subscribers in countries that are not members of CAB	£85·00

Back Numbers

Back volumes of the *Bulletin of Entomological Research* are available at a discount.

Orders and enquiries concerning subscriptions and back numbers should be sent to

C·A·B INTERNATIONAL INSTITUTE OF ENTOMOLOGY

Leading World Information Service on Insects & Mites of Economic Importance

PUBLICATIONS

- **Review of Applied Entomology:** an abstract journal covering the world literature on pests and beneficial arthropods. In two monthly parts: *Series A (Agricultural)* and *Series B (Medical and Veterinary)*.
- **Bulletin of Entomological Research:** a quarterly journal of original research papers on arthropods of economic importance.
- **Distribution Maps of Pests:** giving the world distribution, with supporting references, of individual arthropod pests.
- **Books and Monographs:** on various subjects. Current list available on request.

RETRIEVAL SERVICES

- **Computerised Information Retrieval:** from the C·A·B International Abstracts Database, including *RAE* and all other main CAB abstract journals.
- **Annotated Bibliographies:** collections of abstracts on particular topics. Current list available on request; further bibliographies compiled to order.
- **Micrographic Unit:** facilities for most types of microform work.
- **Library:** a major world collection of research literature on arthropods of economic importance. Open to visitors.

TAXONOMIC SERVICES

- **Identification Service:** open to users in all parts of the world. Located in the British Museum (Natural History); over 30 000 insects and mites identified each year.
- **International Training Courses:** held annually in the applied taxonomy of insects and mites.
- **Consultancy:** advice on specific taxonomic problems and involvement of CIE taxonomists in research projects.

C-A-B INTERNATIONAL PUBLICATIONS AND SERVICES

GENERAL INFORMATION

C A B International (formerly the Commonwealth Agricultural Bureaux) is an international non-profit organization controlled by governments of member countries. Its main function is to provide a world-wide information service in agriculture, forestry and related areas of applied biology, sociology, economics, engineering and medicine. Two other scientific services are responsible for pest and disease identification, and the application of biocontrol techniques to pest management.

C A B International is best known for its abstract journals covering each of the main agricultural disciplines (for full list of titles see back cover). The wide range of other publications includes annotated bibliographies, reviews, authoritative books and reference works, and specialized aids to the management of pests and diseases.

Abstract Journals

The 46 abstract journals, which cover specific agricultural disciplines, specialist crops or products, or particular animals, are all derived from the CAB ABSTRACTS database. In 1986 input to the database will amount to approximately 150 000 records prepared from around 13 000 serials and many other scientific publications.

Annotated Bibliographies

Over 3000 Annotated Bibliographies on a wide variety of topics have been produced by C A B International's information specialists. Many are the result of requests and are in photocopy format with abstracts in chronological order but without indexes. Others, on particularly topical or popular subjects, are typeset, the abstracts being classified and indexed, some are preceded by a review article.

Online Searching

The complete database from 1972 is available for online searching via four major online hosts: Lockheed's DIALOG (USA), ESA/IRS (Italy), CAN/OLE (Canada) and DIMDI (GFR). Nearly 2 million records currently online can be searched as a complete file or as separate subfiles corresponding to each abstract journal. Online retrieval is a highly cost-effective way of carrying out literature searches, and provides users with a printout of records on their specific subjects. Search aids available include the comprehensive CAB ABSTRACTS Online Manual, the CAB Thesaurus and the CAB Serials Checklist.

Magnetic Tapes

The database is leased on magnetic tape on a calendar year basis by many organizations. The lease fee, payable in advance, includes usage up to a pre-set limit, additional usage is charged for at the end of the year. Current tapes are delivered monthly, and retrospective tapes as required. Technical data and sample tapes are supplied at a nominal charge.

SDI Service

SDI (Selective Dissemination of Information) is a regular current awareness service based on the most recent input to the database processed at the C A B International computer centre, i.e. 6-8 weeks in advance of publication in the abstract journals or availability on DIALOG, ESA/IRS, CAN/OLE or DIMDI services. Subscribers decide their own search profile and receive search results at intervals of their own

choice, e.g. monthly, quarterly, even weekly. The search printout contains full bibliographic details and an informative abstract for each record retrieved.

CAB Alerts

This new weekly service is based on the SDI service described above. A number of standard profiles on topics of current interest are being prepared.

Cumulating COM Indexes

These cumulating COM (Computer Output on Microfiche) indexes will build into 5-year indexes for the abstract journals. Available as subject indexes containing full bibliographic details and informative abstracts, and author indexes containing full bibliographic details, the cumulating COM indexes are issued on a regular basis. *Forestry Abstracts* and *Forest Products Abstracts* cumulating indexes are in preparation and will cover the period 1984-1988. Requests for COM indexes covering other journals are welcomed.

Document Delivery Service

The originals of most articles abstracted for the CAB ABSTRACTS database are available as photocopies. Order forms and copyright declarations are printed in each journal (or are available in bulk). Documents may also be ordered online via Dialog's DIALORDER or ESA's PRIMORDIAL.

Training

To help users get best value for money, C A B International provides user training and education. There is an annual two-week course entitled 'Information on Agriculture' in Oxford, designed to give information officers and librarians, particularly from developing countries, a sound background in agricultural information practice. In addition, there are many one-day workshops in the USA, Europe and elsewhere, facilities for on-the-job training at the C A B International input centres, and tailor-made courses on data preparation for organizations supplying input for the database.

ORDERING INFORMATION

Journals

Subscriptions should be fully paid by 1 December for the volumes to be issued in the following year. Many journals are available at special rates to subscribers in member countries. A subscription provides entitlement to each part plus the annual index. Rates include packing and mailing by air to distant countries wherever the cost can be absorbed. Orders should be sent to the address below.

Back numbers, including microform editions, are available at discounted prices. Further details will be given on request.
