

APSA Contributors

AS OF NOVEMBER 1, 2017

This list celebrates the generosity of APSA members and friends in giving to one or more of the following programs from 1996 through the 2017 fiscal year: program operating support, including the Congressional Fellowship Program and the Centennial Center for Political Science and Public Affairs; initiatives promoting gender, racial and ethnic diversity, including the Fund for Latino Scholarship and Ralph Bunche Summer Institute; teaching and research fellowships; professional awards; faculty and advanced graduate student travel grants. Thank you for ensuring that the benefits of membership and influence of the profession will extend to many more generations of scholars.

The generosity of our members and friends makes us stronger. By making a gift to APSA, programming that promotes a vibrant future for the discipline is made possible. For more information on how you can make a lasting impact on APSA's work through a planned gift, or other ways that you can give, contact csinclair@apsanet.org.

APSA updates this list annually in the January issue of *PS*.
