

The contribution of sweets and sugar to the diet of some 14-year-old Glasgow school-children. By J. V. G. A. DURNIN and N. G. NORGAN .. .. . xxvii

Factors contributing to the weight loss during intestinal coccidiosis infections in the fowl. By R. A. PRESTON-MAFHAM and A. H. SYKES .. .. . xxvii

The effect of protein intake on changes in serum protein levels associated with high-carbohydrate diets. By B. L. COLES .. .. . xxviii

Nitrogen losses in sweat and their relation to protein requirements in tropical countries. By ANN ASHWORTH and A. D. B. HARROWER .. .. . xxix

Some long-term effects of dietary sucrose on the serum lipids of female baboons. By T. M. COLTART .. .. . xxix

Effects of dietary carbohydrate on some liver enzymes. By JANET AITKEN, D. ROBINSON and JOHN YUDKIN .. .. . xxx

Effects of dietary carbohydrates on the serum lipids of the rat. By P. A. AKINYANJU and JOHN YUDKIN .. .. . xxxi

Precipitation of magnesium in association with phosphate under the conditions obtaining in the calf ileum. By R. H. SMITH and A. B. McALLAN .. .. . xxxii

Clinical aspects of anorexia nervosa. By A. H. CRISP .. .. . xxxii

Dietetic aspects of anorexia nervosa. By ANNE E. LACE .. .. . xxxiii

Anorexia nervosa and serum cholesterol levels. By L. M. BLENDIS .. .. . xxxiv

Fat metabolism in anorexia nervosa. By G. L. S. PAWAN, A. H. CRISP and L. M. BLENDIS .. .. . xxxiv

Some effects of cigarette smoke on guinea-pigs. By J. R. EVANS, R. E. HUGHES and P. R. JONES .. .. . xxxvi

Interrelationships of the protein, energy and food intake of sows with the vitamin A, nitrogen and wet weight of newborn piglet livers. By D. L. FRAPE, R. W. HOCKEN, K. WOLF and L. G. CHUBB .. .. . xxxvi

## SYMPOSIUM PROCEEDINGS

### *One Hundred and Eighty-sixth Scientific Meeting*

THE INFLUENCE OF FEEDING PATTERNS ON NUTRIENT UTILIZATION	PAGE
Feeding patterns and nutrient utilization: Chairman's remarks. By D. P. CUTHBERTSON	143
Adaptation to the pattern of food intake: some mechanisms and consequences. By P. FÁBRY and T. BRAUN	144
The time sequence of RNA and protein synthesis in cellular compartments following an acute dietary challenge with amino acid mixtures. By W. H. WUNNER	153
Adaptation to overfeeding in man. By J. A. STRONG and R. PASSMORE	163
The effect of changes in feeding patterns on the performance of pigs. By R. BRAUDE	163
Effect of frequency of feeding upon food utilization by ruminants. By A. W. A. BURT and C. R. DUNTON	181

### *One Hundred and Eighty-seventh Scientific Meeting*

FOOD HABITS AND NUTRITIONAL STATUS OF MINORITY GROUPS IN THE UNITED KINGDOM	
The nature and extent of minority groups in Britain. By J. H. WESTERGAARD	191
Social and economic implications of minority food habits. By J. C. MCKENZIE	197
The nutritional status of vegans and vegetarians. By F. R. ELLIS and PAMELA MUMFORD	205
Nutritional status of Asian infants. By M. A. HUSSAIN and G. R. WADSWORTH	212
The nutritional status of West Indian immigrants. By BRUNO GANS	218
Response of the food industry to minority demands. By HAROLD FORE	222

## ABSTRACTS OF COMMUNICATIONS

### *One Hundred and Eighty-eighth Scientific Meeting*

The effects of feeding a diet of low copper content to lambs. By N. F. SUTTLE and A. C. FIELD	xv
Observations on human dietary deficiency of vitamin B <sub>12</sub> . By F. R. ELLIS and F. WOKES	xvi
Biogenesis of riboflavine metabolites. By D. W. WEST, E. C. OWEN and MARGARET M. TAYLOR	xvii
The reaction of casein with ferrous iron and oxygen. By W. MANSON	xvii
Studies on the protein requirements of beef cattle receiving high-energy diets. By M. KAY, G. MCKIDDIE and N. A. MACLEOD	xviii
The influence of dietary calcium concentration on epidermal lesions of zinc deficiency in lambs. By C. F. MILLS and A. C. DALGARNO	xix
Growth and voluntary food intake of steers fed on diets containing different levels of low-quality roughage. By R. C. ELLIOTT, W. D. C. REED and J. H. TOPPS	xix
Some observations on the changes occurring during the maturing of grass silage. By A. D. HUGHES	xx
The effect upon the methane production of sheep of a short infusion of higher fatty acids into the rumen. By J. L. CLAPPERTON and J. W. CZERKAWSKI	xxi
Effect of branched-chain fatty acids on methane production by sheep. By J. W. CZERKAWSKI, J. L. CLAPPERTON and C. STRONG	xxiii
Magnesium ammonium phosphate as a mineral supplement for growing lambs. By R. G. HEMINGWAY and NORA A. BROWN	xxiv

### *One Hundred and Eighty-ninth Scientific Meeting*

The distribution of polyethylene glycol in gut contents. By M. J. MANNERS and D. E. KIDDER	xxv
Further observations on the effects of low-manganese intake on shell formation in pullets. By MARGARET LONGSTAFF and R. HILL	xxvi

(continued on p. iii of wrapper)
