UNIVERSITY OF LONDON  
BRITISH POSTGRADUATE MEDICAL FEDERATION

THE INSTITUTE OF LARYNGOLOGY AND OTOLGY  
330/332 GRAY'S INN ROAD, LONDON, W.C.1.

## WHOLE-TIME COURSES FOR POSTGRADUATE STUDENTS

*3 August-7 November 1970*

BASIC SCIENCES CLASS for Part I D.L.O. students.

This consists of approximately 50 lecture/demonstrations on the anatomy of the head, neck, thorax and brain; 20 lectures covering the physiological aspects; 6 on applied pharmacology; and 8 on histological and pathological and bacteriological subjects. Facilities are also available for dissection of the brain, and this occupies about five periods.

*3 August-28 August 1970*

BASIC SCIENCES CLASS for Students of Neurology.

This course includes 20 lectures on the anatomy of the brain, spinal cord and motor tracts, 6 lectures on the physiological properties and 5 periods of dissection of the brain.

*29 June-8 August 1970*

INTENSIVE CLINICAL LECTURE PERIOD for Post-Primary Fellowship, Part II D.L.O. and other students.

These periods are primarily designed to give a clinical survey of the whole field of the Specialty as a preliminary to practical clinical training. At the completion of the Intensive Lecture Period, selected students may be given the opportunity to serve as house surgeons in the associated hospitals.

*18 May-30 May 1970 and 4 November-17 November 1970*

PRACTICAL REVISION CLASS for Part II D.L.O. students.

This is intended for those students who are well advanced in preparation for the examination and need only the opportunity for a final review. The class includes demonstrations of selected clinical cases and viva voce examinations.

*16 March-1 April 1970 and 28 September-10 October 1970*

ADVANCED REVISION COURSE for students taking higher surgical examinations.

## General notes

This is limited to senior students who are about to take the Final examination. In addition to a series of lecture/discussions at the appropriate level in the Specialty and in related branches of general surgery, there are a number of clinical and viva voce sessions and arrangements for the setting and correction of test papers.

A copy of the syllabus giving full information about the teaching and research facilities provided by the Institute, and a detailed programme of any of the courses listed overleaf and of the short course on specific aspects which are arranged from time to time can be obtained from the Secretary-Administrator.

The clinical practice can be joined at any time by individual arrangement with the Dean. This includes daily practical teaching in the clinics and operating theatres and ward-rounds and special demonstrations weekly.

Demonstrations of clinical cases, open clinical lectures and pathological conferences are held at regular intervals throughout the year, and are open without fee to all trainees in the Specialty. A list giving dates and times is obtainable in the Secretary-Administrator's office.

### SUNDAY MORNING SEMINARS FOR GENERAL PRACTITIONERS

who are cordially invited to attend all or any of the Seminars below without fee or ticket.

The Seminars are recognized by the Department of Health and Social Security for entitlement to the Postgraduate Training Allowance and/or Seniority Allowance.

*Sunday, 15 March 1970, at 10.15 a.m.*

MR. S. E. BIRDSALL.

Lunch will be provided in the Refectory after each Seminar from 12.45 p.m. Practitioners who are able to accept the Institute's invitation to lunch are requested to notify the Secretary-Administrator at least one week beforehand.

The seminars will cover the field of otolaryngology in relation to common conditions encountered in general practice. There will be no formal lectures, and practitioners attending will have the opportunity to submit questions and to participate in discussions.

Each seminar will be conducted by a member of the Institute's panel of lecturers who is also a consultant on the staff of the associated Hospital.

There is a limited number of appointments in the associated Hospital as Clinical Assistants and Out-Patient Assistants for which general practitioners are eligible to apply. Courses of two months' duration (two afternoon sessions weekly) to train practitioners for similar appointments in their local hospitals are also available; members of these courses are eligible for financial grant to cover travelling and subsistence expenses. Particulars can be obtained on request.

### INDUSTRIAL INJURIES ADVISORY COUNCIL

The Industrial Injuries Advisory Council has been asked to consider whether there are degrees of hearing loss attributable to exposure to noise in the course of employment which satisfy the conditions for prescription as an industrial disease laid down by Section 56(2) of the National Insurance (Industrial Injuries) Act 1965. The Council has also been asked to consider what arrangements would need to be made in the event of prescription to deal with claims for benefit and what, if any, special conditions should be placed on eligibility for benefit under the Act. These questions were referred to the Council by the Secretary of State for Social Services, the Rt. Hon. Richard Crossman, M.P.

The Council are prepared to receive evidence from any interested persons or organizations who should communicate with the Secretary to the Council, Mr. A. C. Palmer, at 10 John Adam Street, London, WC2, as soon as possible and in any event not later than 1 June 1970. An explanatory memorandum will be supplied on request.

### TEMPORAL BONE DISSECTION—SURGERY COURSE

The Los Angeles Foundation of Otology announces a two-week temporal bone dissection course demonstrating the multiple approaches to the structures of the temporal bone as currently used by the members of the Otologic Medical Group.

The course members will be divided each day to observe televised surgery that will correlate with the dissections of the day. Evenings will be devoted to lectures and motion picture demonstrations.

The instructors will dissect in the temporal bone laboratory over closed circuit television and each student will be supervised as the various procedures and approaches are performed.

Twenty otolaryngologists and residents will be accepted in each course, the first of which will be given on 29 March 1970. Subsequent courses will be presented beginning 5 July 1970, and 18 October 1970. The tuition for otolaryngologists is \$1,000 and for residents \$500.

For further information, address communications to Doctor Jack L. Pulec, Los Angeles Foundation of Otology, 2130 West Third Street, Los Angeles, California 90057.
