On the cover: Even though early in the war thousands of American men and women supported the Allies as nurses, doctors, ambulance drivers, and soldiers, they rarely called for U.S. intervention. Doing so would have turned the fight into a national cause. When the United States entered the war in 1917, some volunteers joined the American war effort while others abandoned a war they no longer considered relevant. See Axel Jansen, “Cultural Elite or Political Vanguard?: American Volunteers Join the European War, 1914–1917.”
