

A SUBSCRIPTION TO THE JLO IS NOT ONLY AFFORDABLE . . .

The Journal of Laryngology and Otology was the first British journal in the ENT field. Since 1887, it has remained the definitive information resource for surgeons, consultants and students. The Journal is run as a charity to promote education and knowledge in all spheres of Laryngology, Rhinology, Otology and related fields.

The JLO is very much an international journal with contributors from around the world and readers from over 80 countries.

The JLO contains main Articles, case reports and short communications from all over the world. Other contents include the quarterly book review, selected abstract service, and every ten years there is a comprehensive index issue published.

The Journal has a very good record of publishing up-to-date information; many articles are published within three months of being accepted for publication. As part of our charitable mandate we sponsor Travelling Fellowships for registrars, Visiting Professors who conduct lecture tours of the UK, and the JLO subsidises our Student price to maximise access by the next generation.

By subscribing to the JLO, you not only gain everyday access to this valuable source of information, but also assist in the promotion of excellence in the ENT domain.

☎ To subscribe today fax +44 1233 612345 with your credit card details.

. . . IT IS TAX-DEDUCTIBLE*

* for ENT professionals in the United Kingdom. In other countries, please consult your tax authorities.

32nd Annual IOWA Head and Neck Cancer & Reconstructive Surgery Course

Tuesday, June 8 - Saturday, June 12, 1999

This 5-day course, designed for both residents and practicing head and neck surgeons, provides a comprehensive review of current techniques in the management and reconstruction of head and neck neoplasms. Areas covered include treatment of salivary gland, oral cavity, oropharyngeal, laryngeal, paranasal sinus, and thyroid carcinomas. Cadaver dissection under the supervision of the faculty includes practical application of local, myocutaneous and free flaps. An evening Bone Plating Workshop is also offered. A certificate of participation is provided following successful completion of the course.

Course Director:	Henry T. Hoffman, MD	
Assistant Course Directors:	Gerry F. Funk, MD, Scott M. Graham, MD, Timothy M. McCulloch, MD	
Guest Faculty:	Brian B. Burkey, MD	Nashville, Tennessee
	W. Jarrard J. Goodwin, Jr., MD	Miami, Florida
	Jeffrey R. Haller, MD	Salt Lake City, Utah
	Dennis H. Kraus, MD	New York, New York
	Ollivier Laccourreye, MD	Paris, France
	Rodney Mountain, FRCS	Dundee, Scotland
	James L. Netterville, MD	Nashville, Tennessee
Randal Weber, MD	Philadelphia, Pennsylvania	

Fee \$1550.00 • 40+ hours CME credit • Enrollment limited to 60 participants
 [\$950.00 for residents with a letter from their department head]

7th Annual IOWA Head and Neck Laser Course

Sunday, June 6 - Monday, June 7, 1999

This 1.5-day course includes lectures and laboratory sessions addressing the physics, safety and clinical applications of lasers used for head and neck surgery. An animal laboratory and a temporal bone laboratory will provide "hands-on" experience for laser management of oral cavity, oropharyngeal, laryngeal, tracheal and otologic pathology with CO₂, Nd-YAG, Argon and KTP lasers. A certificate of participation is provided following successful completion of the course.

Course Director:	Nancy M. Bauman, MD	
Assistant Course Directors:	Al S. Aly, MD, Margaret M. Browning, MD, Bryan P. Fong, MD, Glenn E. Green, MD, Brian P. Perry, MD, Jay T. Rubinstein MD	
Guest Faculty:	Bruce H. Haughey, MD	St. Louis, Missouri
	Joseph Valentino, MD	Lexington, Kentucky

Fee: \$750.00 • 16.5 hours CME credit • Enrollment limited to 48 participants
 [\$450.00 for residents with a letter from their department head]

7th Annual IOWA Advanced Concepts in Endoscopic Sinus Surgery Course

Friday, June 4 - Saturday, June 5, 1999

This 2-day course includes lectures and laboratory sessions addressing advanced techniques and approaches in endoscopic sinus surgery. A certificate of achievement is provided following successful completion of the course.

Course Directors:	Richard J.H. Smith, MD, Scott M. Graham, MD	
Guest Faculty:	William E. Bolger, MD	Bethesda, Maryland
	Donald C. Lanza, MD	Philadelphia, Pennsylvania

Fee: \$1000.00 • 15.5 hours CME credit • Enrollment limited to 15 participants
 [\$500.00 for lectures, materials, breakfast, lunch and refreshments with no laboratory]

For further information regarding these courses, contact Henry T. Hoffman, MD, Department of Otolaryngology,
 University of Iowa Hospitals and Clinics, Iowa City, Iowa 52242 • 319-356-2166 • FAX 319-356-4547

Marchbanks Measurement Systems

... Listening for better clinical practice

Proven Cochlear and Cerebral Fluid Pressure Analyser

- Nonsurgical and, 'as often as required', cerebral and cochlear pressure assessment
- Differential diagnosis of Ménière's disease and intracranial pressure induced 'Ménière's like' disorders

Eustachian Tube Analyser

- Quick and easy objective measure of Eustachian tube function

Extratympanic ECochG. Electrode

- Safe and easy one minute approach to high quality recordings - no need to clean or scratch the ear canal.

For more information on these innovative products please contact:

MMS Ltd Bryns Dell House, St Marks Road, Lymington SO41 8HA, UK.

The Journal of Laryngology & Otology Publications

Available from the Publishers and from Agents throughout the world. Prices include postage and packing.

The Journal of Laryngology and Otology

Edited by Neil Weir and Guy Kenyon

A leading international journal, published monthly and containing original scientific articles and clinical records in all fields of Otolaryngology, Rhinology and Laryngology. Including occasional supplements. Founded in 1886.

Annual subscription for 1999 (calendar year): £135.00 Institution, £95.00 Individual, Students rate £55.00.

ISSN 0022 2151

Supplements still available separately.

The ENT Surgeon looks at the Orbit

by D. F. N. Harrison

This supplement records in some detail Professor Harrison's 'personal experience over a period of 20 years dealing with a wide variety of clinical conditions in which entry into the orbit was a desirable or essential part of treatment'.

Pp 42 Printed 1980

Retail £10.00 (US\$20.00)

20 Years Experience with Homografts in Ear Surgery

by Christian Betow

The author, a professor of Otolaryngology in West Berlin, gives a full account of his pioneering development of homograft materials in reconstructive surgery of the middle ear.

Pp 28 Printed 1982

Retail £10.00 (US\$20.00)

Experimental and Clinical Studies in Otitis Media with Effusion

by Jamsheed A. Khan

An experimental and clinical study on the effects of Carbocysteine on fluid in the middle ear.

Pp 28 Printed 1983

Retail £10.00 (US\$20.00)

Proceedings of the Sixth British Academic Conference in Otolaryngology

Edited by John Ballantyne and John Booth

Pp 134 Printed 1983

Retail £10.00 (US\$20.00)

Second International Tinnitus Seminar

Chairman: Abraham Shulman

A comprehensive study of the problems and treatment of tinnitus.

Pp 323 Printed 1984

Retail £10.00 (US\$20.00)

Forensic Audiology

by Chuang Wei Ping

A clear concise and practical guide to industrial hearing damage by a barrister/physician. This is an unusual and highly specialised aide memoire for the personal injuries practitioner, well illustrated with recent case law. A commendable enterprise by the author.

Pp 57 Printed 1986

Retail £10.00 (US\$20.00)

The Acute Orbit

Preseptal (Periorbital) cellulitis subperiosteal abscess and orbital cellulitis due to sinusitis.

by J. R. Moloney, N. J. Badham and A. McRae

Pp 18 Printed 1987

Retail £10.00 (US\$20.00)

Nasal Mast Cells: A Preliminary Report on their Ultrastructure

by A. B. Drake-Lee, F.R.C.S.

The ultrastructural morphology of mast cells in the nose and the adenoids are compared. Normal cells have a very varied morphology with electron dense granules which have scrolls occasionally. Cells from patients with perennial allergic rhinitis show variable degranulation in all areas examined. Few cells were seen in the surface epithelium. Cells from the adenoids had different degrees of degranulation which suggests that mast cell reactions are not a constant feature.

Pp 17 Printed 1987

Retail £10.00 (US\$20.00)

Surgical Anatomy of Structures Adjacent to the Thyroid Apex and Post-operative Voice Change (A Review Including Dissection)

by K. L. Yerzingatsian, F.R.C.S.
