BULLETIN ISSN 0004-9727

of the

AUSTRALIAN MATHEMATICAL SOCIETY

Volume 28 Number 1 **August 1983**

A characterization of recurrent motions
by Ronald A. Knight 1
A boundedness condition for sets with lattice point constraints
by P. R. Scott 5
Commutative rings whose factors have Artinian rings of quotients
by William D. Blair 9
Surjectivity of multifunctions under generalized differentiability assumptions
by Serge Gautier, George Isac and Jean-Paul Penot 13
Eventually regular semigroups
by P. M. Edwards. 23
On Hermite-Fejér type interpolation
by H.-B. Knoop and B. Stockenberg 39
Are chaotic functions really chaotic
by Bau-Sen Du 53
Inverse limit theorem and expansion theorem for cohomological dimension
by Satya Deo and Subhash Muttepawar 67
Families of partial functions
by Kevin P. Balanda 77
Beurling's ordinary value
by Shinji Yamashita 91
On groups with small Engel depth
by Rolf Brandl 101
The difference operators and extended Laguerre polynomials
by B. P. Parashar.. 111
Subordination theorems for p-valent functions with initial gaps
by Prem Singh and A. V. V. Satyanarayana. 121
Presentations for some direct products of groups
by P. E. Kenne 131
Variational formulation of higher order elliptic boundary value problems
by A. J. Pryde 135
Free k-tuples in linear groups
by Arnaldo Mandel and Jairo Z. Gonçalves. 151

ABSTRACT OF AUSTRALASIAN PhD THESIS

On the existence of embedded minimal 2-spheres in the 3-sphere, endowed with an arbitrary metric
by Francis R. Smith 159

The University of Queensland Press, St Lucia, Queensland, 4067, Australia

BULLETIN OF THE AUSTRALIAN MATHEMATICAL SOCIETY

Editor: Sidney A. Morris

Deputy Editor: K. R. Pearson
Honorary Editor: B. H. Neumann

Associate Editors

Robert S. Anderssen
Alan L. Andrew
B. D. Craven
Brian A. Davey
P. Donovan
J. A. Eccleston
B. J. Gardner
J. R. J. Groves
D. A. Holton
D. C. Hunt
P. E. Kloeden
Rodney Nillsen
Sheila Oates-Williams
A. J. van der Poorten
J. H. Rubinstein
Leon Simon
Ross Street
G. Szekeres
D. G. Tacon
Colin J. Thompson
H. B. Thompson
Rudolf Výborný

Assistant Editors

Robert S. Anderssen
M. S. Brooks

INFORMATION FOR AUTHORS

The BULLETIN of the Australian Mathematical Society aims at quick publication of original research in all branches of mathematics. Timely expository articles are also welcomed.

To ensure speedy publication, editorial decisions on acceptance or otherwise are taken quickly, normally within a month of receipt of the paper. Papers are accepted only after being evaluated by the Editor and an Associate Editor or another expert. Of course responsibility for the correctness of results published in the BULLETIN remains with the authors.

For a paper to be acceptable for publication, not only should it contain new and interesting results but also

(i) the exposition should be clear and attractive, and
(ii) the manuscript should be in publishable form, without revision.

Nevertheless some meritorious papers will have to be rejected because speed of publication involves space limitations.

Authors should submit THREE clean, high quality copies to

The Editor, Bulletin of the Australian Mathematical Society,
Department of Pure Mathematics, La Trobe University,
Bundoora, Victoria 3083, Australia

but should not send the original typescript of their papers, as material submitted to the BULLETIN will usually not be returned. Authors should note that each paper submitted must include an abstract and one or more classification numbers following the 1980 Mathematics Subject Classification.

As even minor revisions are generally not permitted, authors should read carefully all the details listed on the inside back cover.

Abstracts of PhD Theses

The BULLETIN endeavours to publish abstracts of all accepted Australasian PhD theses in mathematics. One restriction, however, is that the abstract must be received by the Editor within 3 months of the degree being approved.

© **Copyright Statement.** Where necessary, permission to photocopy for internal or personal use or the internal or personal use of specific clients is granted by the Treasurer, Australian Mathematical Publishing Association, Inc., for libraries and other uses registered with the Copyright Clearance Center (CCC), provided that the base fee of $A2.00 per copy of article is paid directly to CCC, 21 Congress Street, Salem, MA 01970, U.S.A. Special requests should be addressed to the Treasurer, Australian Mathematical Publishing Association, Inc., c/- Department of Mathematics, University of Queensland, St. Lucia, Qld., 4067, Australia. Serial-fee code: 0004-9727/83 $A2.00 + 0.00.
