

PROGRAMME CHANGES & AUTHOR REVISIONS

The following abstracts were **revised** after being accepted for presentation in Cape Town:

Friday, 07 July, 2017-Venue Exhibition Hall 4A

15:45—17:45

POSTER SESSION: ELECTROPSYCHOLOGY, EG, EPILEPSY, NEUROSTIMULATION, HIV, FUNCTIONAL IMAGING, BEHAVIOURAL NEUROLOGY, PSYCHOPATHOLOGY, FORENSIC
Cognitive change with treatment for Major Depression and functional outcomes: A meta-analytic review of the literature (Dhillon S, Egeto P, Zakzanis K, Beaulieu S, Tourjman SV, Purdon SE) (9)

Friday, 07 July, 2017-Venue 2.64-2.66

15:45—17:45

PAPER SESSION: HIV

Persistence of neurocognitive impairment and milder forms of HIV-associated neurocognitive disorders (HAND) over 20 years in the HAART era: Evidence from St. Michael's Hospital Neuro HIV Clinical Cohort (Toronto, Canada) (Rourke SB, Rachlis A, Sota T, Kovacs T, Kovacs C, Bekele T, Nam S, Brunetta J, Cysique L, Gill MJ, Carvalhal A, Arbess G)

PAPER SESSION: HIV

Older adults with HIV: Neuropsychological functioning and health-related quality of life (Motswai P, Cassimjee N, Jedlinski S)

PAPER SESSION: HIV

Neurocognitive impairment has a high prevalence in a sub-Saharan HIV-positive population compared to HIV-negative controls; the MoCA-Basic is not an optimal screening tool in this setting (Arends J, Hakkers C, Beunders A, Ensing M, Barth R, Boelema S, Devillé W, Tempelman H, Coutinho R, Hoepelman A)

WITHDRAWN ABSTRACTS:

The following abstracts were **withdrawn** by their authors after they were accepted, and **were not presented** at the Mid-Year Meeting in Cape Town:

Thursday, 06 July, 2017-Venue 2.64-2.66

08:00—10:00

PAPER SESSION: CHILD ASSESSMENT & PEDIATRIC NEUROPSYCHOLOGY

Neuropsychological profile of adopted children: A clinic based study (Virudhagirinathan BS, Parveen A, Soundararajan G)

Thursday, 06 July, 2017- Exhibition Hall 4A

08:00—10:00

POSTER PRESENTATIONS: PEDIATRIC NEUROPSYCHOLOGY/ACQUIRED BRAIN INJURY CHILD/LEARNING DISABILITY AND ADHD

Exploring psychological treatment of Tourette's disorder in South Africa (Smith J) (5)

POSTER PRESENTATIONS: PEDIATRIC NEUROPSYCHOLOGY/ACQUIRED BRAIN INJURY CHILD/LEARNING DISABILITY AND ADHD

Preverbal communication development in children with absence of language (*Maggio V*) (7)

Thursday, 06 July, 2017-Venue 1.61-1.62

13:15—15:15

PAPER SESSION: MEDICAL DISORDERS, ALZHEIMER'S DEMENTIA, AGING, MEMORY

Neurocognitive outcomes of out-of-hospital cardiac arrest: A systematic review (*Case R, Cartledge S, Siendenburg J, Bray J, Stub D*)

Thursday, 06 July, 2017- Exhibition Hall 4A

13:15—15:15

POSTER PRESENTATIONS: ADULT ASSESSMENT

Untested stimulus parameters in matrix completion tasks: Features versus rules (*Lindberg K, Miller J*) (8)

Thursday, 06 July, 2017-Venue 2.64-2.66

13:15—15:15

PAPER PRESENTATIONS: PEDIATRIC BRAIN INJURY/AUTISM SPECTRUM DISORDERS

Gray matter thickness is associated with parent report of executive functioning in young chronic TBI patients (*Verhelst H, Vander Linden C, Cayenberghs K, Vingerhoets G*)

Thursday, 06 July, 2017-Venue Exhibition Hall 4A

16:30—18:30

POSTER PRESENTATIONS: ACQUIRED BRAIN INJURY ADULT/COGNITIVE REHABILITATION

Findings from a working memory intervention for HIV-infected children and adolescents (*Fraser S, Cockroft K*) (7)

Thursday, 06 July, 2017-Venue Exhibition Hall 4A

16:30—18:30

POSTER SESSION: ACQUIRED BRAIN INJURY ADULT & COGNITIVEREHABILITATION

Understanding the neurocognitive and psychosocial outcomes of cardiac arrest: A pilot study protocol (*Case R, Smith K, Stub D, Bray J*) (1)

POSTER SESSION: ACQUIRED BRAIN INJURY ADULT & COGNITIVEREHABILITATION

A qualitative investigation of perceptions of stress and coping strategies employed by caregivers of individuals with traumatic brain injury in KwaZulu-Natal: A retrospective study (*Hardman J, Memela Z*) (2)

Friday, 07 July, 2017-Venue Exhibition Hall 4A

13:15—15:15

POSTER PRESENTATIONS: MOVEMENT DISORDERS, CANCER, MEDICAL DISORDERS DMG, TOXIN-RELATED DISORDERS

CAR-Study A: Cognitive functioning in patients with 1-10 newly diagnosed brain metastases scheduled for treatment with Gamma Knife radiosurgery (*Schimmel W, Sitskoorn M, Hanssens P, Gehring K, Verhaak E*) (8)

POSTER PRESENTATIONS: MOVEMENT DISORDERS, CANCER, MEDICAL DISORDERS DMG, TOXIN-RELATED DISORDERS

CAR-Study B: A randomized study to compare cognitive outcome after Gamma Knife radiosurgery or whole brain radiation therapy for the treatment of multiple brain metastases (*Verhaak E, Sitskoorn M, Hanssens P, Schimmel W, Gehring K*) (9)

Friday, 07 July, 2017-Venue Auditorium 2

15:45—17:45

INVITED SYMPOSIUM (INTERNATIONAL NEUROPSYCHIATRIC ASSOCIATION): THE VASCULAR-ALZHEIMER'S CONTINUUM AND UNUSUAL DEMENTIAS

Autosomal dominant frontotemporal dementia: What do we know? (*Niehaus D*)

Friday, 07 July 2017-Venue Exhibition Hall 4A

15:45—17:45

POSTER PRESENTATION: ELECTROPSYCHOLOGY, EEG, EPILEPSY, NEUROSTIMULATION, HIV, FUNCTIONAL IMAGING, BEHAVIOURALNEUROLOGY, PSYCHOPATHOLOGY, FORENSIC
Homophily of older adults based on left amygdala volume (*Lee S, Kim H, Kwak S, Chey J, Youm Y*) (6)

POSTER PRESENTATION: ELECTROPSYCHOLOGY, EEG, EPILEPSY, NEUROSTIMULATION, HIV, FUNCTIONAL IMAGING, BEHAVIOURALNEUROLOGY, PSYCHOPATHOLOGY, FORENSIC
Forensic neuroscientific investigation of a capital murder defendant with history of TBI and temporal limbic based paranoia (*Fabian J, Szostak K*) (8)

Saturday, 08 July, 2017-Venue Exhibition Hall 4A

10:30—12:30

POSTER SESSION: EXECUTIVE FUNCTIONS, FRONTAL LOBES, LANGUAGE, SPEECH, MEMORY
Visuospatial working memory in post-stroke aphasia (*Paulraj S, Dronkers N, Baldo J*) (5)

POSTER SESSION: EXECUTIVE FUNCTIONS, FRONTAL LOBES, LANGUAGE, SPEECH, MEMORY
Effect of stimulus presentation time in pure alexia (*Aguillon-Solis C, Aguilar- Gallegos F, Salvador-Cruz J, Marcos-Ortega J*) (4)

POSTER SESSION: EXECUTIVE FUNCTIONS, FRONTAL LOBES, LANGUAGE, SPEECH, MEMORY
Language production in anomic aphasia (*Barker M, Robinson G*) (6)
