

## INDEX OF SUBJECTS.

	PAGE
Agglutination of <i>B. proteus</i> X . . . . .	435
<i>B. typhosus</i> . . . . .	377, 418
test, bacterial suspensions for . . . . .	55
<i>see</i> Enteric.	
Bacteria, dissociation and variation . . . . .	133
flora of diphtheria carriers and patients, etc. . . . .	228
“resting” or non-proliferating . . . . .	139
<i>see</i> Agglutination.	
<i>Bacillus botulinus</i> in Scottish soils . . . . .	79
<i>diphtheriae</i> , <i>see</i> Schick.	
<i>dysenteriae</i> , organism allied to . . . . .	355
<i>dysenteriae</i> (Sonne type III) . . . . .	4
<i>fluorescens</i> , dissociation and variation . . . . .	133
<i>paratyphosus</i> , agglutination . . . . .	418
<i>proteus</i> X, agglutination <i>re</i> Typhus . . . . .	435
<i>salmonicida</i> . . . . .	71
<i>tuberculosis</i> in captive wild animals . . . . .	198
<i>tuberculosis</i> in Cow's faeces . . . . .	89
<i>typhosus</i> , agglutination . . . . .	377
<i>see</i> Enteric.	
<i>Bacterium aertrycke</i> “mutton,” discontinuous variation in virulence of . . . . .	295
<i>Micrococcus</i> , green-producing, found in measles . . . . .	363
<i>Streptococci</i> found in rheumatic fever . . . . .	249
Baking-powders containing alum, dangers . . . . .	92
Botulism, <i>see</i> <i>Bacillus</i> .	
Bread, <i>see</i> Baking-powders.	
Cancer, causation of . . . . .	9
in mule spinners . . . . .	100
of respiratory tract, incidence in Leeds . . . . .	340
<i>see</i> Skin.	
Children, <i>see</i> Rheumatic, School.	
Colds, <i>see</i> Epidemiology.	
Complement-fixation (non-specific), <i>see</i> special index . . . . .	172
<i>see</i> Foot-and-Mouth Disease.	
Cows' faeces, <i>B. tuberculosis</i> in . . . . .	89
Cuti-reactions, <i>see</i> Diphtheria, Measles.	
Diphtheria carriers and patients, bacterial flora of . . . . .	228
statistical study of . . . . .	147
Diphtheria, <i>see</i> Schick.	
Disinfectants, influence of temperature on action of . . . . .	163
Dissociation (bacterial) . . . . .	133
Dysentery, bacterial . . . . .	355
<i>see</i> <i>Bacillus</i> .	

	PAGE
Enteric fever in Palestine . . . . .	318
serological diagnosis of . . . . .	105
<i>see B. typhosus</i> agglutination.	
Epidemiology of respiratory diseases . . . . .	33
Fish, <i>see</i> Trout.	
Foot-and-Mouth Disease, identifying types of virus . . . . .	325
Furunculosis in trout . . . . .	67
Immunity, <i>see</i> Agglutination, Complement, Foot-and-Mouth Disease, Infective, Schick.	
Infective Disease, protection against . . . . .	127
Leeds, <i>see</i> Cancer.	
Lung Diseases, <i>see</i> Cancer.	
<i>see</i> Respiratory.	
Measles, green-producing cocci in . . . . .	363
skin tests for susceptibility . . . . .	83
Mortality in infants, <i>see</i> Statistics, Cancer.	
"laws" of, from biological standpoint . . . . .	267
Mule Spinners' Cancer . . . . .	100
Oils, effect on skin . . . . .	219
Palestine, <i>see</i> Enteric.	
Paratyphoid Fever, <i>see B. paratyphosus</i> .	
Pasteurella infection in mice, studies on . . . . .	127
Respiratory Diseases, epidemiology of . . . . .	33
<i>see</i> Cancer.	
Rheumatic fever in Children, cause of . . . . .	237
Scarlet fever, bacteriological and clinical study of . . . . .	250
statistical study of . . . . .	147
Schick toxin, stability of . . . . .	1
School-children (normal), bacterial flora of . . . . .	228
Sewage pollution of rivers, <i>see</i> Trout.	
Skin's reaction to oil and tars . . . . .	219
Skin-tests, <i>see</i> Cuti.	
Statistical study of Scarlet Fever and Diphtheria . . . . .	147
Statistics of Cancer . . . . .	340
Infant Mortality, aspects of . . . . .	394
<i>see</i> Mortality, Enteric.	
Tars, effect on skin . . . . .	219
Tuberculosis in captive wild animals . . . . .	198
Trout, furunculosis in . . . . .	67
Tumours, <i>see</i> Cancer.	
Typhoid fever, <i>see</i> Enteric.	
Typhus, agglutination of <i>B. proteus</i> X . . . . .	435
Variation, bacterial . . . . .	133
in bacterial virulence . . . . .	295
Virulence, variation of, in <i>Bact. aertrycke</i> . . . . .	295
