

Proceedings of the Prehistoric Society, 48, 1982

The Shaugh Moor Project: Fourth Report - Environment, Context
and Conclusion

By N. D. Balaam, K. Smith and G. J. Wainwright

Microfiche pages 1 - 72

Contents

	Page No
The Soils, R I Macphail.....	4
Soils of the Saddlesborough Reave area.....	4
Profile descriptions; Saddlesborough Reave.....	7
Micromorphology of the bank material and weathering horizons in trenches AL and AJ.....	14
Micromorphology: descriptions.....	15
Soils of the Wotter Common area.....	18
Profile descriptions; Wotter Common Reave.....	20
Soil Pollen Analysis, N D Balaam.....	23
Phosphate analysis, N D Balaam and H M Porter.....	50
The insect infestation of the wood, M A Girling.....	58
The Plym Valley Survey, K R Smith.....	61
Bibliography.....	72

Tables

Table 1	Analytical data, Wotter Common Reave.....	22
Table 2	Particle size, Wotter Common Reave.....	22
Table 3	Pollen count data: 15-157.....	31
Table 4	Pollen count data: 208-1002.....	33
Table 5	Pollen count data: 208-1003.....	36
Table 6	Pollen count data: 208-1011.....	37
Table 7	Pollen count data: 208-1014.....	39
Table 8	Pollen count data: 208-1018.....	41
Table 9	Pollen count data: 208-2001.....	43
Table 10	Pollen count data: 208-2002.....	45
Table 11	Pollen count data: 208-2003.....	48
Table 12	Comparison between phosphate samples from Ea and Bs horizons of the soils within enclosure 15.....	57
Table 13	Details of wood samples examined.....	59

Figures

fig 1	Plan showing position of trenches along the line of the Saddlesborough Main Reave.....	6
fig 2	Site 208, Trench W, showing positions of pollen sampling columns.....	17
fig 3	Pollen diagram: 208-1002.....	24
fig 4	Pollen diagram: 208-1003.....	25
fig 5	Pollen diagram: 208-1011.....	26
fig 6	Pollen diagram: 208-1018.....	27
fig 7	Pollen diagram: 208-2003.....	28
fig 8	Pollen diagram: Lee Moor, with zone LM5a indicated (trees and shrubs).....	29
fig 9	Pollen diagram: Lee Moor, with zone LM5a indicated (herbs).....	30
fig 10	Soil phosphate variation with depth, profile 15-157.....	53
fig 11	Histograms showing range of phosphate values from the enclosure site and the Shaugh Moor field system.....	54
fig 12	Area of fields sampled for phosphate analysis.....	55
fig 13	Results of phosphate survey of field system.....	56
fig 14	Plym Valley: Dewerstone Rock, Shaden Moor and Wigford Down.....	62
fig 15	Plym Valley: Brisworthy and Ringmoor Down.....	63
fig 16	Plym Valley: Legis Tor and Gutter Tor.....	64
fig 17	Plym Valley: Eastern Tor and Whitten-knowles Rocks.....	65

fig 18	Plym Valley: Drizzlecombe and Eylesbarrow.	66
fig 19	Plym Valley: Shaugh Moor.....	67
fig 20	Plym Valley: Trowlesworthy.....	68
fig 21	Plym Valley: Willings Walls Warren and Hentor Warren.....	69
fig 22	Plym Valley: Giants Hill and Shaver- combe Brook to Langcombe Brook.....	70
fig 23	Plym Valley: Langcombe Brook and Calveslake Tor to Plym Head.....	71
