

EPILEPSY

Is so uniformly and so remarkably benefited by the use of

GELINEAU'S DRAGEES

(Pot.-Brom.; Antim.-Arsen.; Picrotoxine)

that no case should be considered hopeless until these Dragees have been thoroughly tried. RELIEF—AND A GREAT DEAL MORE—are usually obtained even when routine treatment fails completely.

GELINEAU'S DRAGEES

are successfully prescribed by leading Physicians, and are used in Hospitals and Epileptic Colonies. *Their use is also indicated in the nervous and painful crises of Menstruation and in the varying manifestations of Shell Shock.*

In tins of 50 and 150. Full particulars from the general Agents for the United Kingdom:

WILCOX, JOZEAU & Co.,
15, GREAT ST. ANDREW ST., LONDON, W.C. 2.

DUSTLESS ROOMS

On all Hospital, School, Laboratory, Library, Museum, etc.,
Floors and Linoleums of every description

USE **FLORIGENE** (Regd.)

In Schools—during VACATIONS for BEST RESULTS.

It is IMPORTANT TO NOTE that ONE APPLICATION of "Florigene" ALLAYS the DUST and DIRT for 2 to 12 months according to traffic not only during each Sweeping (without Sprinkling of any kind) but also throughout all the intervening periods—which is of greater hygienic importance. "Florigene" is easily applied by unskilled.

These sanitary and labour-saving advantages are **NOT** attained by sweeping-powders or any other method.

Send for Particulars, Medical Reports and Testimonials to the Sole Makers—

The "DUST-ALLAYER" Co.

4, Vernon Place, Bloomsbury, London, W.C. 1.

Contractors to Admiralty, H.M. Office of Works, Colonial Govts., L.C.C., etc.
