

Impact of interface thermodynamics on Al-induced crystallization of amorphous SixGe1-x alloys – CORRIGENDUM

Christian A. Niedermeier, Zumin Wang, and Eric J. Mittemeijer

doi: 10.1557/jmr.2014.49, Published by Materials Research Society with Cambridge University Press, 7 March 2014.

In Niedermeier et al.¹, page 2, second column, line 45:
a-Si_{0.41}Ge_{0.61} should read a-Si_{0.41}Ge_{0.59}.

The authors regret the mistake.
