EMPLOYMENT OPPORTUNITIES

➔ National asbestos testing firm seeks experienced TEM analyst for Chicago laboratory location. Salary depending on level of experience. Medical/Dental benefits, vacation, 401K plan. Call Dr. Peter Frasca at EMSL Analytical, Inc. (609)858-4800, ext. 1241, or Fax resume to: (609)858-1292, or email: mbeck@emsl.com

USED EQUIPMENT FOR SALE

➔ **JEOL 840A SEM**—Great running condition/performance, near and dear to our hearts, under service contract its whole life, low usage dedicated to imaging at low voltage. LaB₆ source, scan rotation/tilt, JEOL FIS 40 digital imaging option, and NORAN Voyager ASI interface for digital beam control. Make an offer or inquire further to Jan Hall: (630)420-4619, halljb@bp.com

➔ **Sorvall MT-5000, MT-2B, MT-2, MT-1 Ultramicrotomes, GKM Glass Knife Maker, TC-2 Tissue Sectioner**, each complete with accessories and warranty. Reconditioned by factory trained rep. With over 30 years experience. For prices, call Bill McGee: (315)451-1404. Microtome Service Company, Liverpool, NY 13088.

➔ **TEM/EDS For Sale. Hitachi Model H-600AB transmission electron microscope (TEM)** with a lanthanum hexaboride (LaB₆) electron gun. Accessories: Kevex Delta 1 Energy Dispersive X-ray Spectroscopy (EDS) System, Hitachi Eucentric Goniometer Stage, Haskris Model R075 Water Chiller, Varian Cold Cathode Vacuum Gauge. Then TEM is in excellent condition and has had limited use the past several years. Contact Robert R. Katona: (440)357-3456 or email: katona_r@ricerca.com

➔ **Zeiss EM 10C TEM** in good working condition with Haskris chiller: \$15k. Philips 505 SEM with SED, BSED, motorized stage, new PC based EDX and Image Capture: \$40K. For details, contact Doug Connors at: (888) 516-3670.

Subscription Request/Correction Form

From (Please Print Clearly):

___ Dr., ___ Mr., ___ Ms.

Signature _____

Tel.#: _____ Date _____

___ I am currently receiving the newsletter and the above is my correct address.

___ I am not receiving the newsletter but would like a no cost copy and provide the following brief information:

We would properly be considered a (check the most appropriate):

- A User of microscopy equipment/ materials/services.
- B Supplier of microscopy equipment/ materials/services.

Our interests include (check all applicable):

- C Physical/Material Sciences.
- D Biological/Biomedical Sciences.
- E Earth Sciences.

My own professional interests include (check all applicable):

- F Electron Microscopy.
- G Confocal Microscopy.
- H SPM/AFM.
- I Light Microscopy.
- J IR Microscopy.
- K Acoustic Microscopy.

MICROSCOPY TODAY

The objective of this publication, perhaps unlike many others, is simply to provide material of interest and value to working microscopists!

It is produced ten times each year and mailed to just under 9,000 microscopists in the U.S. (each of which who have specifically requested subscriptions)—and to several hundred microscopists outside the U.S.

Due to the financial support of advertisers, the publication is sent at no charge to microscopists in the U.S. However, due to the relatively few international readers (and the resulting lack of advertising income) and the very high postage costs, we must charge for international subscriptions:

Canada, Mexico, Latin and South America: \$40 for one year and \$70 for two years.

Other International: \$55 for one year and \$95 for two years.

Individuals requesting subscriptions, or wishing to change/correct their current address, may use the form to the left. This completed form may be mailed or faxed, or information sent by email, or the information may be provided via our www site.

We greatly appreciate article/material contributions from our readers—"users" as well as manufacturers/suppliers. The only criteria is that the subject matter be of interest to a reasonable number of working microscopists.
