The Journal of Applied Bacteriology

Edited by

G. Sykes, M.Sc.

and F. E. Skinner

The Journal of Applied Bacteriology (previously known as the proceedings of the Society for Applied Bacteriology) is published for the Society to advance the study of microbiology, particularly bacteriology, in its application to industry.

Long established as an international medium for original papers embracing the many aspects of *applied bacteriology* the Journal serves the widening interests of microbiologists in all fields of research.

The Journal is published three times a year (comprising one volume) in April, August and December.

The Editors are ready to consider for publication papers appearing on all aspects of applied microbiology. Review articles may also be accepted.

Papers submitted for consideration should be addressed to:

G. Sykes,
Microbiology Division,
Boots Pure Drug Co. Ltd.,
Pennyfoot Street,
Nottingham, England

SUBSCRIPTIONS

Vol. 27, 1964 \$18.00/126s. per annum.
