Bill Ong Hing

*'Remarkably knowledgeable about immigration history and on-the-ground practice, Bill Ong Hing lets no one off the hook – not Clinton, not Bush, not Obama, not Trump – for the trauma the US has imposed on immigrants and immigrant communities.'*

Gerald P. López, author of *Rebellious Lawyering: One Chicano's Vision of Progressive Law Practice*

Carol Gilligan & David A. J. Richards

*'It is the sleight-of-hand of every unjust system to become the rule, and to make everyone else the exception. In Darkness Now Visible, Carol Gilligan and David A. J. Richards end the idea that patriarchy represents everybody, and show that feminism turns patriarchy into democracy.'*

RACE, ETHNICITY, AND POLITICAL INEQUALITY IN A DIVERSIFYING AMERICA

## THE TURNOUT GAP

Bernard L. Fraga

*'Fraga's analysis is full of striking findings. He shows that the gap in turnout between whites and non-whites is larger than we thought; that running a non-white candidate does not really close the gap; and that voter identification laws have not consistently widened it.'*

John Sides, George Washington University

## WHITE IDENTITY POLITICS

9781108468602

Ashley Jardina

In *White Identity Politics*, Ashley Jardina offers a landmark analysis of emerging patterns of white identity and collective political behavior, drawing on sweeping data. Where past research on whites' racial attitudes emphasized out-group hostility, Jardina brings into focus the significance of in-group identity and favoritism.

# Navigating Political Science

Navigating the political science discipline can be a daunting task for those unfamiliar with its nuances. APSA's newest resource offers advice on both handling the challenges presented by the discipline and taking full advantage of its opportunities.

*Navigating Political Science: Professional Advancement & Success in the Discipline*, edited by Kent Worcester, brings together some of the most noteworthy, discipline-focused contributions to APSA journals published over the past couple of decades. With 28 chapters by 45 contributors, the book touches on topics that range from peer review, mentoring, and faculty governance, to blogging, data collection, and digital media in the classroom. The book should prove relevant for political scientists across the board, from aspiring ABDs to seasoned PhDs.
