THE PRACTITIONER: a Journal of Therapeutics and Public Health.

Edited by T. LAUDER BRUNTON, M.D., F.R.S., Member of the Royal
College of Physicians.

NOTICE.

THE PRACTITIONER for January will contain a MEMOIR of the late Dr. ANSTIE, by Dr. BUZZARD, with a PORTRAIT engraved on Steel, by C. H. JEENS; also a GENERAL INDEX to Vols i. to xiii. of this Journal.

ANNOUNCEMENTS FOR 1876.

THE PRACTITIONER for 1876, will contain two new features. First—The Treatment adopted by practitioners throughout the country in various Diseases will be ascertained by means of circulars, and the results presented in a tabulated form, so that the reader may at once see the lines of treatment most generally followed, and compare them with the one he himself pursues. Circulars regarding Quinsey have been already sent out, and the results will appear in the January number.

Secondly—Our readers will have an opportunity of becoming better acquainted with the Treatment employed Abroad, as several of the most distinguished Continental Physicians have obligingly consented to contribute original articles to THE PRACTITIONER.

MACMILLAN, of London.

Now Ready, in crown 8vo., price 10s. 6d. cloth.

CHRISTIAN PSYCHOLOGY: the Soul and the Body in their Correlation and Contrast; being a New Translation of Swedenborg's Tractate, De Commercio Animæ et Corporis, &c. Londini, 1769. With Preface and Illustrative Notes.

By T. M. GORMAN, M.A., Hertford College, Oxford; and sometime
curate of St. Mary Abbots, Kensington.

London: LONGMANS & CO.

Published Quarterly. Annual Subscription, 12s.

Institution for the Insane, Perth.

J. & A. CHURCHILL, New Burlington Street.

8vo, 14s.

ILLUSTRATIONS of the INFLUENCE of the MIND

Upon the BODY.—By DANIEL HACK TUKE, M.D.

“Dr. Tuke has written a history of the powerful influence exerted by the Imagination, placed beyond a doubt the importance of this too much neglected therapeutic agent (which is not confined to a single untried-for cure), and has very much narrowed the area of the marvellous.”—Brierre de Boismont in the “*Annales Médico-Psychologiques*.”

“Dr. Tuke's style is so singularly clear, and his topics so strongly appeal to every intelligent mind, that few will take up his book without becoming absorbed in its pages.”—Philadelphia Medical Times.

J. & A. CHURCHILL, New Burlington Street.

Third Edition, with 10 plates and 84 Wood Engravings, 8vo., 25s.

BUCKNILL AND TUKE'S MANUAL OF PSYCHO-
LOGICAL MEDICINE, containing the LUNACY LAWS, the NOSOLOGY,
ETIOLOGY, STATISTICS, DESCRIPTION, DIAGNOSIS, PATHOLOGY,
and TREATMENT OF INSANITY, with CASES.

* * * This edition contains upwards of 200 pages of additional matter, and, in consequence of recent advances in Psychological Medicine, several chapters have been rewritten, bringing the Classification, Pathology, and Treatment of Insanity up to the present time.

“We regard this Treatise on Psychological Medicine as by far the most complete in the English language.”—MED.-CHIR. REVIEW.

“We can heartily commend the work. It is full, comprehensive, and in the main we can endorse its statements.”—AMER. JOURNAL OF INSANITY.

J. and A. CHURCHILL, New Burlington Street.
