

## CONTENTS OF No. 383, JUNE 1992

	<i>page</i>
<i>Petrology and Geochemistry</i>	
M. STONE: The Tregonning granite: petrogenesis of Li-mica granites in the Cornubian batholith	141
K. HATTORI, K-P. BURGATH and S. R. HART: Os-isotope study of platinum-group minerals in chromitites in Alpine-type ultramafic intrusions and the associated placers in Borneo	157
H. KUCHA and E. F. STUMPFEL: Thiosulphates as precursors of banded sphalerite and pyrite at Bleiberg, Austria	165
S. ARAI: Chemistry of chromian spinel in volcanic rocks as a potential guide to magma chemistry	173
S. STEINTHORSSON and Ö HELGASON, M. B. MADSEN, C. BENDER KOCH, M. D. BENTZON and S. MØRUP: Maghemite in Icelandic basalts	185
N. A. HODGSON and M. J. LE BAS: The geochemistry and cryptic zonation of pyrochlore from San Vicente, Cape Verde Islands	201
<i>Mineralogy</i>	
A. LIVINGSTONE, B. JACKSON and P. J. DAVIDSON: The zinc analogue of schulenbergite, from Ramsbeck, Germany	215
R. EDWARDS, R. D. GILLARD and P. A. WILLIAMS: The stability of secondary tin minerals: abhurite and its relationships to Sn(II) and Sn(IV) oxides and oxyhydroxides	221
H. W. JAFFE, L. M. HALL and H. T. EVANS JR: Wagnerite with isokite from the Benson Mines, west central Adirondack Highlands, New York	227
<i>Crystal Structure</i>	
A. A. FINCH and J. G. FLETCHER: Vitusite—an apatite derivative structure	235
T. F. SEMENOVA, I. V. ROZHDESTVENSKAYA, S. K. FILATOV and L. P. VERGASOVA: Crystal structure and physical properties of sphiite, $Zn_2(SeO_3)Cl_2$ , a new mineral	241
<i>Short Communications</i>	
E. S. GREW, M. G. YATES, A. N. KONILOV and N. MARQUEZ: Kornerupine from the Archaean Kola Series at Sholt-Yavr, Kola Peninsula, Russia	247
D. A. HENRY and W. D. BIRCH: Otwayite and theophrastite from the Lord Brassey Mine, Tasmania	252
J. S. WHITE and R. C. ERD: Kehoeite is <i>not</i> a valid species	256
T. WORKU and A. PARKER: Occurrence of bassanite in Lower Lias rocks of the Lyme Regis area, England	258
P. E. D. MORGAN: Comment on 'zoned hibonites from Punalur, South India'	260
<i>Topographical Mineralogy</i>	
G. RYBACK and P. C. TANDY: Eighth supplementary list of British Isles minerals (English)	261
1991 Mineralogical Society–Schlumberger Award	277
<i>Book Reviews</i>	281
