**CURRENT SOVIET POLICIES -VI**

The Documentary Record of the 24th Congress of the C. P. S. U.

The CURRENT SOVIET POLICIES series of documentary reference books has established itself as a basic source on Soviet affairs and Soviet policies. The volumes in this series cover the successive postwar Congresses of the Communist Party of the Soviet Union; beginning with the 19th Congress. All volumes in the series were prepared from the translations of the Current Digest of the Soviet Press and contain a contemporary Who's Who of the Central Committee.

Now this series is being brought up to date with the simultaneous publication of CURRENT SOVIET POLICIES-V and CURRENT SOVIET POLICIES-VI, containing the documentary records of the 23rd and 24th Party Congresses respectively. Each volume contains Brezhnev's Central Committee Report, the Inspection Commission Report, the Credentials Commission Report, Speeches by Foreign Guests, Kosygin's Report on the Five-Year Plan, Discussion of Brezhnev's and Kosygin's Reports, the Directives for the Five-Year Plan, the Congress Resolutions, and a contemporary Who's Who of the Central Committee.

Both volumes are being published in soft cover and may be ordered at \$10.00 each from:

● **THE WEST IN RUSSIA AND CHINA**

● DONALD W. TREADGOLD

● In this two-volume work the development of western thought in Russia  
● and China is examined throughout the whole of modern times up to the  
● Communist revolutions of 1917 and 1949 respectively.

● Dr. Treadgold's interpretation offers many new features. The important  
● role of religious ideas is brought to the fore. He considers sympathetically  
● the values of Russian and Chinese culture and the efforts made to in-  
● corporate these into various syncretic solutions—solutions which have  
● been severely criticized by certain Russians and Chinese and also by  
● western historians.

● Volume 1: RUSSIA 1472-1917                      Cloth \$12.95 Paper \$5.95

● Volume 2: CHINA 1582-1949                      Cloth \$11.95 Paper \$4.95

● **CONSERVATION IN THE SOVIET UNION**

● natural resource management. "The struggles between the old ideology

● fully and dispassionately examined by an American geographer."—
