

## INDEX OF AUTHORS

- ALLEN, L. A. The bacteriology of activated sludge, 424  
 ASHCROFT, SURGEON CAPTAIN L. S., *see* HITCH, F. G.
- BAKER, A. H. and TWORT, C. C. Germicidal mists and vapours in air disinfection, 382
- BARKWORTH, H. and IRWIN, J. O. Comparative detection of coliform organisms in milk and water by the presumptive coliform test. With an appendix on the possible bactericidal effect of bile salt, 129
- BARRITT, MAXWELL M. Notes on the  $\alpha$ -naphthol modification of the Voges-Proskauer test and reference to the creatine modification, 214
- BENJAMIN, B. Height and weight measurements of school children, 55
- BOURDILLON, R. D., *see* EDWARD, D. G. ff.
- BOYCOTT, G. W. M. The application of the principle of partial pressure of gases to Haldane's method of stage decompression, 409
- BRODIE, JAMES, *see* DAVIDSON, W. A.
- BYROM, F. B. A pressure-operated safety circuit for use in high-vacuum serum-drying plants, 349
- CARTER, H. S. Diphtheria in Glasgow 1934-42, 341
- CHALLINOR, S. W. Bacteriological observations on the air of occupied premises. I. Air disinfection by hypochlorites. A simple practical method of disinfecting the air of occupied premises, 16
- COLLIN-RUSS, A. Further studies on foot perspiration and its action on foot-wear, 72
- CROCKER, CLARICE G., *see* PIJPER, ADRIANUS
- DAVIDSON, W. A. and BRODIE, JAMES. Observations on an epidemic of paratyphoid fever in Dundee, 219
- DAY, H. B. Studies in immunization by a species antigen. II. The presence of 'species antigen' and of 'opposition factor' in bacteria other than pneumococci, 330
- DERRICK, E. H. The epidemiology of Q fever, 357
- EDWARD, DERRICK G. ff. Haemolytic streptococci in the dust of hospital wards, and their relationship to infection, 256
- EDWARD, D. G. ff., ELDFORD, W. J. and LAIDLAW, P. P. (the late). Studies on air-borne virus infections. I. Experimental technique and preliminary observations on influenza and infectious ectromelia, 1
- EDWARD, D. G. ff. and LIDWELL, O. M. Studies on air-borne virus infections. III. The killing of aerial suspensions of influenza virus by hypochlorous acid, 196
- EDWARD, D. G. ff., LUSH, DORA and BOURDILLON, R. D. Studies on air-borne virus infections. II. The killing of virus aerosols by ultra-violet radiation, 11  
 Corrigendum, 369
- EDWARDS, J. L. An atypical *Neisseria* causing meningitis, 328
- ELDFORD, W. J., *see* EDWARD, D. G. ff.
- ELLIOTT, E. M. L., *see* HAINES, the late R. B.
- GELL, P. G. H., *see* KNOX, R.
- GREEN, C. A., *see* HITCH, F. G.
- GRIFFITH, A. N. A note on the seven papers by the late A. Stanley Griffith published during 1941-2, 241
- GRIFFITH, THE LATE A. STANLEY and MUNRO, W. T. Human pulmonary tuberculosis of bovine origin in Great Britain, 229
- GRIMBLEBY, F. H., *see* SPIRA, LEO
- HAINES, THE LATE R. B. and ELLIOTT, E. M. L. Some bacteriological aspects of dehydrated foods, 370
- HAMMOND, W. H. Factor analysis as an aid to nutritional assessment, 395
- HITCH, SURGEON CAPTAIN F. G., ASHCROFT, SURGEON CAPTAIN L. S., and GREEN, SURGEON COMMANDER C. A. Antigenicity of T.A.B.C. vaccine after admixture with tetanus toxoid for various periods, 207
- HOBBS, BETTY C. and WILSON, G. S. The cleaning and sterilization of milk bottles, 96
- HORGAN, E. S. and MANSOUR, ALI HASEEB. Some observations on accidental vaccinations on the hands of workers in a vaccine lymph institute, 273
- HORGAN, E. S. and MANSOUR, ALI HASEEB. Re-vaccination as a measure of immunity to smallpox, 337
- IRWIN, J. O. A statistical examination of the accuracy of vitamin A assays. An analysis of three co-operative experiments designed to ascertain the value of the conversion factor for transforming spectrophotometric values into international units, 291
- IRWIN, J. O., *see* BARKWORTH, H.
- JACOBS, S. E., *see* JORDAN, R. C.
- JORDAN, R. C. and JACOBS, S. E. Studies in the dynamics of disinfection. I. New data on the reactor between phenol and *Bact. coli* using an improved technique, together with an analysis of the distribution of resistance amongst the cells of the bacteria population studied, 275
- JORDAN, R. C. and JACOBS, S. E. Studies on the dynamics of disinfection. II. The calculation of the concentration exponent for phenol at 35° C. with *Bact. coli* as test organism, 363
- KNOX, R., GELL, P. G. H. and POLLOCK, M. R. The selective action of tetrathionate in bacteriological media. A report to the Medical Research Council, 141
- LAIDLAW, P. P., *see* EDWARD, D. G. ff.
- LIDWELL, O. M., *see* EDWARD, D. G. ff.
- LOUREIRO, J. A. DE. A new principle for the production of thiamin-deficient diets and for the biological assay of thiamin in foodstuffs, 217
- LUSH, DORA, *see* EDWARD, D. G. ff.
- MACNAUGHTAN, JEAN. The typing of strains of *Bact. paratyphosum* B by the biochemical method of Kristensen and Bøjlen, 411

 MUNRO, W. T., *see* GRIFFITH, THE LATE A. STANLEY  
 MURRAY, J. F. Diphtheria among the Bantu, 159  
 MURRAY, J. F. Bantu immunity to scarlet-fever toxin, 170  
 NIJPER, ADRIANUS and CROCKER, CLARICE G. Typhoid carriers and Vi agglutinins, 201  
 POLLOCK, M. R., *see* KNOX, R.  
 PULVERTAFT, R. J. V. The use of antiseptic sprays for air sterilization, 352  
 ROBINOW, C. F. Cytological observations on *Bact. coli*, *Proteus vulgaris* and various aerobic spore-forming bacteria with special reference to the nuclear structures, 413  
 SHATTOCK, P. M. F. and MATTICK, A. T. R. The serological grouping of *Streptococcus lactis* (group N) and its relationship to *Streptococcus faecalis*, 173  
 SPIRA, LEO. Mottled nails. A sign of early fluorosis, 69  
 SPIRA, LEO. Some epithelial changes in fluorosis, 400  
 SPIRA, LEO. Incidence of dystrophies caused by fluorine in organs regulated by the parathyroid glands, 402  
 SPIRA, LEO and GRIMBLEBY, F. H. Fluorine in drinking water, 141  
 STAMP, LORD and STONE, DORIS M. An agglutinin common to certain strains of lactose and non-lactose-fermenting coliform bacilli, 266  
 STEABEN, DOROTHY. A study on bacteriological lines of the antigens derived from *Bact. dysenteriae* Shiga and of their antisera in protective tests against living organisms, 83  
 STEWART, F. H. A review of some recent work on papillary variation in bacteria and bacterial cytology, 136  
 STOCKS, PERCY. Diabetes mortality in 1861-1942 and some of the factors affecting it, 242  
 STONE, DORIS M., *see* STAMP, LORD  
 TWORT, C. C., *see* BAKER, A. H.  
 TWORT, J. M. and LYTH, R. Concentration of the carcinogenic material in a Venezuelan spindle oil by simultaneous molecular distillation and chromatographic adsorption, 248  
 TWORT, J. M. and LYTH, R. The prophylactic effect of a colloid material on the skins of mice painted with various types of carcinogenic agents, 252  
 VAN DEN ENDE, M. An apparatus for the safe inoculation of animals with dangerous pathogens, 189  
 WILSON, G. S., *see* HOBBS, BETTY

## INDEX OF SUBJECTS

- Aerial suspensions of influenza virus, killing of, 196  
 Aerobic spore-bearing bacteria, cytological observations on, 413  
 Aerosols, killing of virus by, 11  
 Agglutinins, Vi and typhoid carriers, 201  
 Agglutinin common to coliform bacilli, 266  
 Air, disinfection by germicidal mists, 382  
 Air, disinfection by hypochlorites, 16  
 Air, disinfection by vapours, 382  
 Air of occupied rooms, bacteria in, 16  
 Air of occupied rooms, disinfection of, 16  
 Air-borne virus infections, 1, 11, 196  
 Air-sterilization by antiseptic sprays, 352  
 Animals, a safe method of inoculation, 189  
 Antigen, species, 330  
 Antigenicity of T.A.B.C. vaccine after admixture with tetanus toxoid, 207  
 Antigens of *Bact. dysenteriae* Shiga, 83  
 Antiseptic sprays for air-sterilization, 352  
 Bacteria, nuclear structures on, 413  
 Bacteria, papillary variation, 136  
 Bacterial cytology, 136, 413  
 Bacteriological media, tetrathionate in, 147  
 Bacteriology of activated sludge, 424  
 Bacteriology of dehydrated foods, 370  
*Bact. coli*, cytological observations on, 413  
*Bact. coli*, reaction to phenol, 275, 363  
*Bact. dysenteriae*, antigens from, 83  
*Bact. paratyphosum* B, typing of strains, 411  
 Bantu, diphtheria among, 159  
 Bantu, immunity to scarlet fever toxin, 170  
 Bile salt, possible bactericidal effect of, 129  
 Carcinogenic agents, prophylaxis against, 252  
 Carcinogenic material in Venezuelan spindle oil, 248  
 Children, school, height and weight measurements, 55  
 Coliform bacilli, agglutinin common to, 266  
 Coliform organisms, comparative detection in milk and water, 129  
 Cytological observations on *Bact. coli* and other bacteria, 413  
 Cytology, bacterial, 136  
 Decompression, principle of partial pressure of gases in, 409  
 Dehydrated foods, some bacteriological aspects of, 370  
 Diabetes mortality, 1861-1942, 242  
 Diets, thiamin deficient, 217  
 Diphtheria among the Bantu, 159  
 Diphtheria in Glasgow, 1934-42, 341  
 Disinfection, dynamics of, 275, 363
