

FORTHCOMING ISSUE

It is hoped to publish in the next issue of the *Proceedings of the Nutrition Society* reports of a symposium on Neurotransmitters and Nutrition and a History of the Nutrition Society and the following abstracts of communications presented at the meeting of 27 February 1978.

Meeting of 27 February 1978

- Protein synthesis in rat small intestine. By M. A. McNURLAN, P. J. GARLICK and A. M. TOMKINS.
 Synthesis of albumin and of total plasma proteins by liver of fed and starved rats. By V. M. PAIN, P. J. GARLICK and M. A. McNURLAN.
 The effect of ageing on protein turnover in the rat. By D. J. MILLWARD and P. C. BATES.
 A perfused ruminant muscle preparation. By B. J. COWARD and P. J. BUTTERY.
 Protein turnover and whole body nitrogen metabolism in the growing pig. By B. K. EDMUNDS, P. J. BUTTERY and C. FISHER.
 Diurnal variations in protein metabolism in man. By P. J. GARLICK, G. A. CLUGSTON, R. W. SWICK, I. H. MEINERTZHAGEN and J. C. WATERLOW.
 The digestion of dietary protein and synthesis of bacterial protein in the rumen in sheep given silages prepared with the addition of formic acid. By N. C. KELLY, P. C. THOMAS and D. G. CHAMBERLAIN.
 General Practitioners and nutrition: a study in the Leeds and Bradford Health Authorities. By P. FIELDHOUSE and A. E. DE LOOY.
 Personality and food preferences. By HELEN L. MURRAY and R. H. J. WATSON.
 The diabetic diet: nuisance or necessity? By E. ANNE WILSON, DOROTHY CLARKE and D. R. HADDEN.
 Immunological changes associated with the obob (obese) genotype. By C. J. MEADE, J. SHEENA and J. MERTIN.
 Comparison of the effects of carrageenins and Danish agar on the colon of guinea-pigs. By J. WATT and A. J. MARCUS.
 Diet and faecal flora: a comparison of rural Northern Nigeria and London UK. By P. BORRIELLO, B. DRASAR and A. TOMKINS.
 Biochemical responses of women with low storage iron to a sustained release preparation of oral Fe. By E. FAIRHURST, T. L. C. DALE and B. D. RIDGE.
 Rickets and vitamin D metabolism in primates. By A. W. M. HAY, M. DARLING and G. WATSON.
 Effect of duodenal cannulation on digesta flow in the preruminant calf. By J. W. SISSONS and R. H. SMITH.
 The effects of a low-protein diet on milk yield and plasma metabolites in Friesian heifers during early lactation. By J. D. OLDHAM, W. H. BROSTER and J. W. SIVITER.
 The effects of low- and high-protein diets upon the concentrations of plasma low density lipoproteins, in Friesian heifers throughout lactation. By D. STEAD and J. D. OLDHAM.

INDEX OF AUTHORS

Al-Shamaa, G. A. A. ...	29	Harris, C. I. ...	18A	Ogilvie, B. M. ...	10A

Proceedings of the Nutrition Society

CONTENTS OF VOL. 37, No. 1, MAY 1978

SYMPOSIUM PROCEEDINGS

*Three Hundred and Ninth Scientific Meeting
One Hundred and Twenty-second Scottish Meeting
University of Aberdeen
21 SEPTEMBER 1977*

THE APPLICATION OF HUMAN AND ANIMAL CALORIMETRY
Chairman: SIR KENNETH L. BLAXTER, Rowett Research Institute, Aberdeen

Adair Crawford and calorimetry. By K. L. BLAXTER	1
Indirect calorimetry in man: a critique of practical problems. By J. V. G. A. DURNIN	5
Escape from the chamber: alternative methods for large animal calorimetry. By J. M. BROCKWAY	13
Heat transfer between animal and environment. By L. E. MOUNT	21
Energy exchanges and injury. By J. R. RICHARDS, J. K. DRURY, C. GOLL, R. G. BESSENT and G. A. A. AL-SHAMMA	29
Thermic effect of glucose and thermal body insulation in lean and obese subjects: a calorimetric approach. By E. JÉQUIER and P. H. GYGAX	45
Recent studies in poultry calorimetry. By H. LUNDY	55

*Three Hundred and Tenth Scientific Meeting
One Hundred and Twenty-third Scottish Meeting
Royal Infirmary, Glasgow
5 NOVEMBER 1977*

NUTRITION IN HOSPITALS
Chairman: MISS CREINA MURLAND, District Dietitian, Kensington and Chelsea and Westminster Area Health Authority

The role of dietitians in hospital. By HAZEL COUBROUGH	65
Quality of diet received by the patient. By ELIZABETH EVANS	71
Nutritional problems in gastrointestinal disease. By R. I. RUSSELL	79
Nutritional support in malignant disease. By K. C. CALMAN	87
Clinical and laboratory assessment of nutritional status. By A. SHENKIN and LORNA STEELE	95

ABSTRACTS OF COMMUNICATIONS

*Three Hundred and Eleventh Scientific Meeting
Guy's Hospital Medical School, London SE1 9RT
15 DECEMBER 1977*

The nutritional status of patients in a surgical unit. By M. H. JOURDAN	2A
Survey of nutritional knowledge and interest of students. By JANET P. LOWELL	3A
Can nitrates in the diet suppress dental caries? By T. H. GRENBAY and J. M. BULL	4A
Transfer of linoleic acid to the foetal and neonatal sheep. By W. M. F. LEAT, F. A. HARRISON and S. R. JUDGE	5A
Overnutrition and hypervitaminosis A in the tree shrew (<i>Lyngale tana</i>). By J. P. W. RIVERS, F. D'SOUZA and C. M. HAWKEY	6A
Gluconeogenesis from threonine in adult sheep. By J. L. MORTON, D. B. LINDSAY and P. J. BUTTERY	7A
Dietary manipulation of the composition of milk. By J. L. CLAPPERTON, MORAG E. KELLY and J. A. F. ROOK	8A
Effect of abomasal infusions of casein, arginine, methionine or phenylalanine on growth hormone, insulin, prolactin, thyroxine and some metabolites in blood from lactating goats. By J. D. OLDHAM, I. C. HART and J. A. BINES	9A
Effect of marginal protein malnutrition on repeated nematode infection of small intestine. By A. M. TOMKINS, K. MADI and B. M. OGILVIE	10A
Physiological effects of a high soya-bean protein diet in man. By P. VAN STRATUM, M. RUDRUM, F. TEN HOOR, R. WILSON and N. A. PIKAAR	11A
Effect of casein compared with soya-bean protein isolate on plasma cholesterol in the rabbit. By ELIZABETH A. BELTON and A. S. TRUSWELL	12A
Dietary fibre and asymptomatic diverticular disease of the colon. By J. S. S. GEAR, A. C. WARE, D. J. NOLAN, P. S. FURSDON, A. J. M. BRODRIBB and J. I. MANN	13A
The effect of dietary lipid supplementation on digestion and synthesis in the stomach of sheep. By R. KNIGHT, J. D. SUTTON, A. B. MCALLAN and R. H. SMITH	14A
The contribution of threonine to the glucose economy of hill sheep. By A. R. EGAN and J. C. MACRAE	15A
Microbial and host-animal components of energy metabolism in hill sheep. By J. C. MACRAE, S. WILSON and J. A. MILNE	16A
A new approach to the question of the cause of differences between high-concentrate and high-forage diets in the efficiency of utilization of metabolizable energy for fattening. By M. R. STOKES and P. C. THOMAS	17A
The inadequacy of urinary 3-methylhistidine excretion as an index of muscle protein degradations in the pig. By G. MILNE and C. I. HARRIS	18A
Muscle growth and protein turnover in a fast growing rat strain. By P. C. BATES and D. J. MILLWARD	19A
Protein synthesis in lean and obese Zucker rats. By G. E. LOBLEY, A. J. F. WEBSTER and P. J. REEDS	20A
Protein mass, protein synthesis and heat loss in the Zucker rat. By A. J. F. WEBSTER, G. LOBLEY, P. J. REEDS and J. D. PULLAR	21A
Whole-body protein turnover in obese subjects given a low-energy diet. By P. J. GARLICK, G. A. CLUGSTON and J. C. WATERLOW	22A
Pectin and gastric emptying in the dumping syndrome. By A. R. LEEDS, D. N. RALPHS, P. BOULOS, F. EBIED, G. METZ, J. B. DILAWARI, A. ELLIOTT and D. J. A. JENKINS	23A
Some metabolic effects of ingesting galactose, before and after a high-lactose diet. By TANIA PHILLIPS, I. MACDONALD and ANNE KEYSER	24A
Effects of dietary carbohydrate on intellectual performance. By G. G. BIRCH, N. D. COWELL and G. A. CHARLES	25A
