

# Graduate Students & Special Programs Funded

To increase graduate student and special program participation in the Annual Meeting, the association awarded travel grants for the 2018 Annual Meeting in Boston, Massachusetts. The travel grants subsidize the cost of travelling to the meeting. Every year, Cambridge

University Press provides a generous sponsorship to graduate student funding. APSA was glad to welcome the following graduate student attendees and special program participants to the 2018 Annual Meeting. This list is not exhaustive of all travel grants given by APSA:
