GUIDELINES FOR CONTRIBUTORS

Submission of an article is taken to imply that it has not previously been published and is not being considered for publication elsewhere. Authors are also asked to provide brief details of any book they are publishing which includes all or part of a submitted article. Articles should be submitted in two paginated versions as soft copy (preferably by e-mail), one version containing the author's details, the other anonymized as far as possible, in order to facilitate "blind" refereeing. Authors should also include an abstract not exceeding 150 words, specifying the principal conclusion and methods in the context of currently accepted views on the subject. The files should be saved either in a recent version of MSWord for Windows, or in an MSWord compatible format, or as a PDF file. In case of doubt, please contact the editorial staff at: irsh@iisg.nl. Footnote commands should be used to create footnotes. Notes should be confined, as far as possible, to necessary references.

Manuscripts should be in British English (or American English for American authors). In cases where no English text can be provided, authors should *always* contact the executive editor before submitting an article.
