

*THE "CENTRO AUXOLOGICO ITALIANO
DI PIANCAVALLO" (MILAN)
AND THE "GREGOR MENDEL" INSTITUTE
OF MEDICAL GENETICS
AND TWIN RESEARCH (ROME)*

are glad to announce the publication of the new
periodical:

ACTA MEDICA AUXOLOGICA

INTERNATIONAL JOURNAL ON HUMAN GROWTH

Editor L. Gedda

Index of the first number
(Acta Med. Auxol. - 1: 1, 1969)

Editorial

R. Knussmann: **Experimental and theoretical contribution to the genetics of postnatal growth.**

F. Morabito, A. Maderna, G. Calderoni, A. Rovescalli, G. Alé: **De Lange syndrome.**

A. Maderna: **Neuropsychiatric problems in the child development.**

P. K. Chattopadhyay, S. Khullar: **Age of menarche in Indian girls.**

U. Bigozzi, F. Morabito, G. Strazzulla: **Diabetes' frequency in the families of obese, adults and children.**

F. Cacciaguerra: **Obese children's perception of size with reference to body image.**

Bibliographical review.

ACTA MEDICA AUXOLOGICA

Via Ariosto 13, 20145 Milano

Piazza Galeno 5, 00161 Roma

Journal de Génétique Humaine

Vol. 17, Nos 1-2

Mai 1969

INDEX

- W.-R. Felgenhauer*: Hypertrichosis lanuginosa universalis.
E. Genee: Une forme extensive de dysostose mandibulo-faciale.
V. Ionasescu et N. Luca: Heterozygous state of galactosemia with clinical signs of the disease?
A. Leguebe: Consanguinité et endogamie.
A. K. Ray: A pedigree of osteogenesis imperfecta.
A. K. Ray: Two isolated cases of Apert's syndrome from India.
S. P. A. Toledo et P. H. Saldanha: A radiological and genetic investigation of acheiropody in a kindred including six cases.
S. C. Tiwari: The incidence of colour-blindness among the Tibetans.
O. R. Vidal, A. Damel et J. Cordero Funes: Dermatoglyphics in retinoblastoma.
J. H. White: Oculo-nasal dysplasia.
Premchai Yunibhand: Enlarged satellites and other variants of chromosome structure in a Swiss family.
L. Gayral et J. Gayral: Epilepsie et hérédité-dégénération spino-cérébelleuse.
G. Boreux: La gérodermie ostéodysplasique à hérédité liée au sexe, nouvelle entité clinique et génétique.
Walter F. Haberlandt: Le questionnaire génétique (suicide familial et conseil génétique).
Analyses de livres.
A la mémoire du professeur Paul Moureau (1904-1968).

Parution: quatre numéros par année

Annual Subscription: Swiss Frs 45.00

HUMAN HEREDITY

Index Vol. 19, No. 3, 1969

- Walter, H. and Steegmüller, Hildegard* (Mainz): Studies on the Geographical and Racial Distribution of the Hp and Gc Polymorphisms.
Ehnholm, C. (Helsinki): The Distribution of Haptoglobin Subtypes in the Finnish Population.
Shih, L.-Y. and Hsia, D. Y.-Y. (Chicago, Ill.): The Distribution of Genetic Polymorphisms Among Chinese in Taiwan.
Gaffney, P. J. and Lehmann, H. (Cambridge): Residual Enzyme Activity in the Serum of a Homozygote for the Silent Pseudocholinesterase Gene.
Berg, K. (Oslo): Genetic Studies of the Adenylate Kinase (AK) Polymorphism.
Beckman, L.; Beckman, G. (Umeå); *Mi, M. P. and De Simone, J.* (Honolulu, H.I.): The Human Placental Amino Acid Naphthylamidases, Their Molecular Interrelations and Correlations with Perinatal Factors.
Beckman, L.; Beckman, G. (Umeå) and *Mi, M. P.* (Honolulu, H.I.): The Relation Between Human Placental Alkaline Phosphatase Types and Some Perinatal Factors.
Monn, E. (Oslo): Red Cell Phosphoglucomutase (PGM) Types of Norwegian Lapps. Characteristic Gene Frequencies and Variant Types.
Monn, E. (Oslo): Human Red Cell Phosphoglucomutase (PGM) Types in Norway.
Henningsen, K. (Copenhagen); *Jacobsen, Petrea* (Brejning) and *Mikkelsen, Margareta* (Glostrup): B-F Chromosome Translocation Associated with Father-Child Incompatibility within the Gc-System.
Orye, E.; Coetsier, H. and Hooft, C. (Gent): A Probable Pericentric Inversion of a G/G Translocation Chromosome in a Mentally Retarded Child with Mongoloid Traits.
Tsuboi, T. and Nielsen, J. (Risskov): Dermatoglyphic Study of Six Patients with the XYY Syndrome.
Farley, F. H. (Madison, Wisc.): Comment on Low Intelligence and Month of Birth.
Agrawal, H. N. (Hardoi, U.P.): An Anthropological Study of the Shompens of Great Nicobar.
