# Du Bois Review:

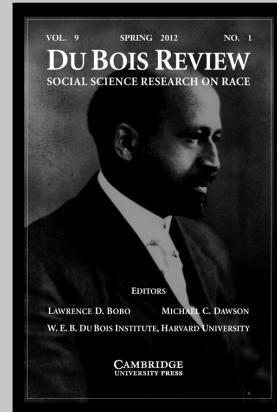

## Social Science Research on Race

Published for the W.E.B. Du Bois Institute for African and African American Research, Harvard University

### Editors

Lawrence D. Bobo, *Harvard University, USA*

Michael C. Dawson, *University of Chicago, USA*

*Du Bois Review: Social Science Research on Race* (*DBR*) is an innovative periodical that presents and analyzes the best cutting-edge research on race from the social sciences. It provides a forum for discussion and increased understanding of race and society from a range of disciplines, including but not limited to economics, political science, sociology, anthropology, law, communications, public policy, psychology, and history. Each issue of *DBR* opens with remarks from the editors concerning the three subsequent and substantive sections: STATE OF THE DISCIPLINE, where broad-gauge essays and provocative think-pieces appear; STATE OF THE ART, dedicated to observations and analyses of empirical research; and STATE OF THE DISCOURSE, featuring expansive book reviews, special feature essays, and occasionally debates. Many issues also now include a conversation between Professor Henry Louis Gates, Jr. and an eminent scholar on broad areas of research regarding race.
