## Scene Design in the American Theatre

From 1915 to 1960

by *Orville K. Larson*

A new stagecraft movement began in Europe just prior to World War I, reaching the United States with the appearance of Robert Edmond Jones. Almost single-handedly, Jones turned stage decoration into a new art which became more than mere scene painting. Richly illustrated, *Scene Design in the American Theatre* chronicles this important transformation between 1915 and 1960. The American scene designers who emerged from the new stagecraft movement were of a different breed from their European counterparts and were among the most articulate artists in the American theatre. Orville K. Larson has spent sixty years as a devoted student and critic of American scene design, witnessing first-hand many of the productions discussed in this ground-breaking study. This book is an invaluable guide to theatre designers and indeed anyone interested in the theatre and its history.

## The Theatre in History

by *George R. Kernodle*

The development of theatre, according to Kernodle, is an outgrowth of human impulses - from the most primitive to the most refined - which help us to understand ourselves in the context of our own time and culture. *The Theatre in History* is a sensitive and appreciative study of that development.

The author examines the theatre from primitive Egyptian and ancient oriental to Romantic drama of the nineteenth century, even providing a glimpse of the twentieth century through the theatrical art of Charlie Chaplin. It discusses theatre's primitive origins, its artistic shaping through the ages, its stagecraft, and its various cultural interrelationships. Kernodle devoted his life to the theatre - directing, acting, and witnessing hundreds of performances. In so doing he gained a rare understanding of the theatre. For the student of the theatre, this extensively illustrated book will serve as an excellent source of valuable facts and analyses.

### THEATRE RESEARCH / RECHERCHES THEATRALES

The International Federation published the journal *Theatre Research/Recherches Théâtrales* from 1959 to 1975 when it was succeeded by *Theatre Research International*. During these years many important articles of original research were published covering the whole field of theatre history from the earliest times, and particularly Shakespeare and the Elizabethan period, to more recent figures such as Strindberg, Craig and Beckett. There have been special issues on the themes of Opera, the Playwright as Director, and Reinhardt; a check-list of world theatre on records; and reports on International Conferences and Symposia of the I.F.T.R.

In all 14 volumes were published in 36 issues including a complete index. Most back issues are still available.

University and institutional libraries, and especially those who have subscribed to the new journal *Theatre Research International*, are recommended to take this opportunity of completing their holding of the earlier issues of this publication, while copies last.

*Price: per issue £4 (\$6); per volume £8 (\$12) plus postage*

A few complete runs of the 14 volumes (with two issues in facsimile) are available at £70(\$100). Postage extra.
