Information about editors and editorial board members correct as of [1st January] 2024. For the latest information please see https://www. cambridge.org/core/journals/international-psychogeriatrics/information/editorial-board

Aims & Scope

International Psychogeriatrics is written by and for those doing clinical, teaching, and research work with older people. It is the official journal of the International Psychogeriatric Association (IPA) and is published by Cambridge University Press, Cambridge, UK. Although it is primarily concerned with psychogeriatrics, the journal welcomes contributions from all concerned with the field of mental health and aging. Original research papers are particularly sought.
