## HELMINTHOLOGICAL ABSTRACTS

Is prepared by the staff of the Commonwealth Bureau of Helminthology, St. Albans, Herts, England, with the co-operation of helminthologists throughout the world.

It is a quarterly review of world literature on helminths and their vectors especially in relation to veterinary, medical, agricultural, biological and fisheries science and as such provides the best literature coverage from both animal parasitologists and plant nematologists.

## PROTOZOOLOGY

(Supplement to the *Journal of Helminthology*)

A special number or Festschrift will be published this year (1967) in honour of Colonel H. E. Shortt, F.R.S., for his 80th birthday. It will contain about 20 articles of interest to protozoologists, contributed mainly by his colleagues and students, and will take the form of Vol. II of the long dormant journal *Protozoology*, of which parts 1-4, designated herein as Vol. I, were published in 1925-1928.

This Festschrift can be purchased from the *Journal of Helminthology*, London School of Hygiene and Tropical Medicine, Keppel Street, London W.C.1., price 30s. (Fr. 20, \$4.27) post free.

It is also proposed to reprint Vol. I of *Protozoology*, now out of print, if a sufficient number of applications is received from persons interested in buying it. Enquiries to the Editor, *Journal of Helminthology* at the above address.

## RETIREMENT OF ASSISTANT EDITOR

Mrs. L. M. Russell, who joined the Staff of the *Journal of Helminthology* when it was founded by Professor R. T. Leiper in 1923, retired at the end of last year. During this long period of loyal and efficient service to the Journal she did much to promote its success. Mrs. Russell's many friends will wish her happiness in her well-deserved retirement.
