## THE MEDICO-LEGAL JOURNAL,

A Quarterly devoted to the Science of Medical Jurisprudence

(Published under the auspices of the Medico-Legal Society of the City of New York).

The price of the Medico-Legal Journal has been fixed at \$3.00 per annum, in the hope and with the expectation of its receiving a generous support from all classes of intelligent readers. Every branch and department of Medico-Legal Science will be carefully represented, and assurances have been received from the ablest professional names in Law and Medicine of efficient aid and support by way of contributions to these columns. Subscriptions may be sent to CLARK BELL, Esq., 128, Broadway; or to L. P. HOLME, Secretary, No. 55, Broadway, New York.

*New Edition of Ferrier's "Functions of the Brain."*

Now ready. Second Edition, Re-written, with many New Illustrations, 8vo. 18s.

**THE FUNCTIONS OF THE BRAIN.**

By DAVID FERRIER, M.D., LL.D., F.R.S.,

Professor of Forensic Medicine, King's College; Physician to King's College Hospital; Physician to the National Hospital for the Paralysed and Epileptic.

\* \* This, though termed a Second Edition, is essentially a new book, having been almost entirely re-written, and embracing the results of new investigations by the Author, as well as a critical survey of the more important physiological and pathological researches on the functions of the brain that have been published within the last ten years. The number of illustrations has been doubled, and the chapters devoted to the structures of the nerve centres and the functions of the spinal cord have been much enlarged, so that the work forms a complete treatise on the central nervous system.

London: SMITH, ELDER, & Co., 15, Waterloo Place.
