

## Luxemburg

The Centenary of the Red Cross was celebrated at an official ceremony on May 10, 1963, by the National Society. This event took place in the large auditorium of Radio-Luxemburg and was honoured by the presence of H.R.H. the Hereditary Grand-Duke. Also present were members of the Government and diplomatic corps, representatives of the public authorities, as well as members of the Executive Committee and of the Administrative Council of the Red Cross together with their staffs and a large number of voluntary workers.

After a musical overture, Dr. Henri Loutsch, Secretary of the Society, retraced the history of the International Red Cross since 1863, and recalled the figure, which has become legendary, of Henry Dunant. Then the Minister of Public Health, Dr. Emile Colling, thanked the Red Cross for its unceasing and effective efforts in safeguarding health, a fine example of solidarity.

The Radio orchestra performed a symphony which was followed by a reception.

The Junior Red Cross, for its part, celebrated the Centenary of the Red Cross by a painting competition, which was open to all children of the Grand-Duchy between the ages of 6 and 15 years. There were more than a thousand entries and on June 18, H.R.H. the Hereditary Grand-Duchess, President of the Luxemburg Junior Red Cross, inaugurated the exhibition of the works selected and presented prizes to the winners.
