**ASIL Insights:** Timely and balanced accounts of the international legal issues related to current events throughout the world. Recent articles discuss legal issues related to the terrorist attacks on the United States and the World Court's ruling concerning the execution by the U.S. of foreign nationals who were not informed of their right to consular access. *ASIL Insights* are emailed as events happen (approximately 25 times per year).

**International Law In Brief:** Abstracts of recently published documents in international law, including treaties and judicial decisions in areas such as international trade, human rights, and international criminal law. Recent abstracts summarize the first genocide conviction by the International Criminal Tribunal for the Former Yugoslavia and new rules for the arbitration of environmental disputes from the Permanent Court of Arbitration. *ILIB* is emailed bi-weekly.

**ASILforum discussion group:** An email-based list service for the collegial exchange of views and information related to issues discussed in *ASIL Insights*, *International Law In Brief*, and the *American Journal of International Law*, as well as other topics of interest related to international law.
