

# PROCEEDINGS

OF THE

## EDINBURGH MATHEMATICAL SOCIETY

### CONTENTS

PETER YFF: On $k$ -Conjugacy in a Group	<i>page 1</i>
V. HUTSON: Asymptotic Solutions of Integral Equations with Convolution Kernels	<i>page 5</i>
N. A. BOWEN: On the Limit of the Modulus of a Bounded Regular Function	<i>page 21</i>
LL. G. CHAMBERS: Long Waves on a Rotating Earth in the Presence of a Semi-Infinite Barrier	<i>page 25</i>
JET WIMP: A Class of Integral Transforms	<i>page 33</i>
HENRYK MINC AND LEROY SATHRE: Some Inequalities involving $(r!)^{1/r}$	<i>page 41</i>
A. D. SANDS: Primitive Rings of Infinite Matrices	<i>page 47</i>
E. M. PATTERSON: Commutation Problems Involving Rings of Infinite Matrices	<i>page 55</i>
R. J. KNOPS: Further Considerations of the Elastic Inclusion Problem	<i>page 61</i>
J. M. HOWIE: The Maximum Idempotent-Separating Congruence on an Inverse Semigroup	<i>page 71</i>
BOOK REVIEWS	<i>page 81</i>
MATHEMATICAL NOTE	
R. P. AGARWAL: A Note on Evaluation of the Integral	
$\int_0^{\infty} e^{-kt} I_0^n(t) dt$	<i>page 85</i>
OBITUARY NOTICE: J. H. SMITH	<i>page 87</i>

OLIVER AND BOYD

EDINBURGH: TWEEDDALE COURT  
LONDON: 39A WELBECK STREET, W.1

## THE EDINBURGH MATHEMATICAL SOCIETY

The Edinburgh Mathematical Society was instituted in 1883 for the promotion and extension of Mathematical Science—Pure and Applied.

Candidates for membership are nominated at one Ordinary Meeting of the Society and the candidature is voted upon at the next, a majority of at least two-thirds of the members present being necessary for election. Ordinary Members pay subscriptions to the funds of the Society at the times and of the amounts specified in the Rules. Members whose subscriptions are not in arrears receive free of charge one copy of each of the Society's publications. Additional copies and back numbers—as far as these are in print—are charged at a discount on the published price. Further information regarding membership may be obtained from the Secretary.

### PROCEEDINGS OF THE EDINBURGH MATHEMATICAL SOCIETY AND THE EDINBURGH MATHEMATICAL NOTES

The Society publishes the Proceedings of the Edinburgh Mathematical Society which contains papers embodying the results of research that is original in matter or manner and a section entitled *Notes* containing material of a less specialised nature. Members of the Society may submit papers for consideration with regard to publication; papers from non-members can be communicated by a member. Manuscripts of papers received cannot be accepted if not in a form suitable for submitting to the printer. Authors are advised to retain a copy of anything they may send for publication as the Society cannot accept responsibility for any loss. Manuscripts of papers for publication should be sent in the first instance to the Secretary.

Series I of the Proceedings consists of forty-four volumes published from 1886 to 1926. Series II consists of thirteen complete volumes to date.

The Proceedings are published in parts and issued twice yearly. Four parts complete a volume of approximately 200 pages, and the Title Pages and Index are published in part 4 of each volume.

The prepaid subscription per volume is 60s. (U.S.A. and Canada \$10.00) post free. Single parts 15s. (U.S.A. and Canada \$2.50) net. Orders, and requests for prices and availability lists of in-print back numbers, should be addressed to the publishers,

Oliver and Boyd  
Tweeddale Court  
14 High Street  
Edinburgh 1

The Secretary will be pleased to receive gifts of back numbers of the Proceedings as certain of these are scarce and there is a demand from libraries for them.

All communications concerning the Library should be addressed to

The Librarian  
The Edinburgh Mathematical Society  
20 Chambers Street  
Edinburgh 1

All other communications should be addressed to

The Secretary  
The Edinburgh Mathematical Society  
20 Chambers Street  
Edinburgh 1
